Good morning all,

For clarification to the communication below, the purpose of special provision 000-025, "Americans with Disabilities Act Curb Ramp Workshop," is to educate contractor personnel about the legal requirements and ADA standards expected to be achieved when constructing or altering pedestrian facilities to ensure compliance with the Americans with Disabilities Act.

This special provision is intended to be used for all Statewide Curb Ramp Program projects, or any projects with major pedestrian facility work. It is to be used at the district's option and is not a required special provision.

Design Division will provide in the coming weeks the workshop material in prerecorded video format for district personnel use. Handouts will also be available.

If you have any questions or need further clarification, please contact Pete Krause, Design Division-Landscape Architecture Section, at 512-416-2714.

*Thank you.
Camille*

Subject: Change Memo (de-01-20), SP 000-025, "Americans with Disabilities Act Curb Ramp Workshop" (Spec Committee No 0000-20185-1)

Greetings All!

Attached for your information is a copy of the above-mentioned change memorandum and special provision that have been posted to the web. This special provision has been approved for district use and is required for construction projects using Americans with Disabilities Act Curb Ramp Workshop beginning with the April 2020 letting. However, use of this special specification prior to the April 2020 letting is at the district's option.

This special provision provides for scheduling and attending a mandatory preconstruction Americans with Disabilities Act curb ramp workshop before starting work.

Please distribute as necessary. Should you have any questions or concerns, please do not hesitate to contact us via email at CST_RDWY_SPECS.

Thank you,

Special Provision to Item 000

Americans with Disabilities Act Curb Ramp Workshop

Before starting work, schedule and attend a mandatory preconstruction Americans with Disabilities Act curb ramp workshop. The workshop will be administered by the Department, will be four hours or less, and will be held during normal working hours at an approved location in proximity to the project.

Supervisory personnel responsible for control of the work must attend the workshop.

The Department will provide workshop facilitators and facilities. No direct compensation will be made for fulfilling these requirements, as this workshop is considered subsidiary to the Items of the Contract.
