

Project Fact Sheet

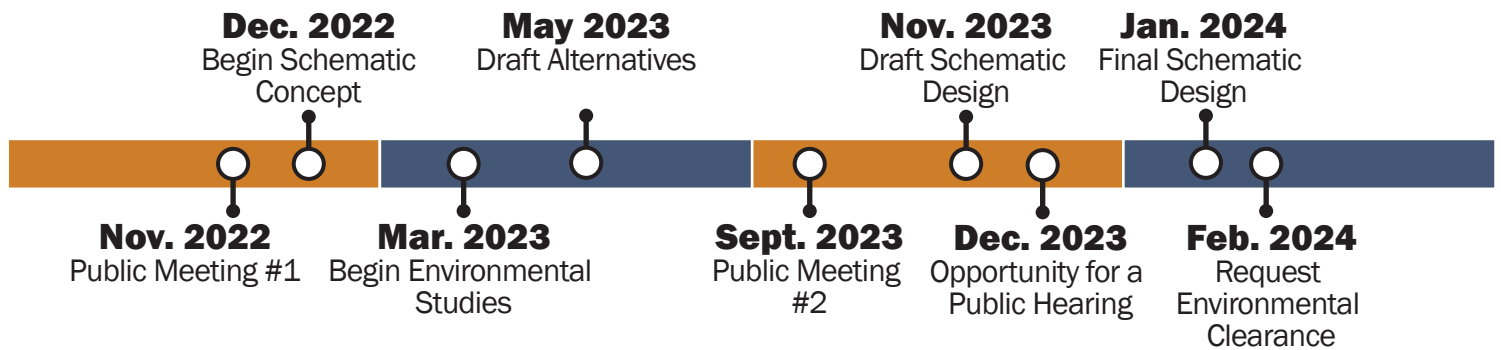

TxDOT is proposing improvements to FM 707 (Beltway S) from FM 89 (Buffalo Gap Road) to US 83 in the city of Abilene and Taylor County.

FM 707 aims to enhance safety and mobility along the corridor for all modes of traffic including vehicular, pedestrian and bicycle.

The proposed project would widen the existing two-lane, undivided roadway to a five-lane section with a continuous center two-way-left-turn lane with proposed sidewalks on the north side.

Schedule: Schedule subject to change
