Virtual Public Meeting with In-Person Option
FM 1082 Fort Phantom Hill Dam Road
From west of Cheyenne Creek Road to east of Dam
CSJ: 0972-03-021
Jones County, Texas

The Texas Department of Transportation (TxDOT), the city of Abilene, and the Abilene Metropolitan Planning Organization (MPO) are proposing to reconstruct FM 1082 starting from west of Cheyenne Creek Road to the east of the dam in Jones County, Texas. This notice advises the public that TxDOT will be conducting an online virtual public meeting on the proposed project with an in-person option. **The virtual meeting will consist of a pre-recorded video presentation showing the proposed option as well as several alternative options. The presentation will include both audio and visual components. The presentation will be posted online by Thursday, July 7, 2022, at 6 p.m.** To visit the virtual public meeting, go to the following web address at the date and time indicated above: www.TxDOT.gov, keyword search *FM 1082 Fort Phantom Hill Dam*. The presentation will remain available for viewing at the web address indicated above until at least Friday, July 22, 2022, at 11:59 p.m. If you do not have internet access, you may call (325) 676-6800 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process.

Additionally, TxDOT is providing an in-person option for individuals who would like to participate in person instead of online. In-person attendees will be able to view the same presentation delivered in the online public meeting which will be playing on a screen, review hard copies of project materials, ask questions of TxDOT staff and/or consultants, and leave written comments. **The in-person option will be held on Thursday, July 7, 2022, from 6 p.m. to 8 p.m. at the Abilene District Office Training Center, 4210 N. Clack St. Abilene, TX 79601.**

The project would reconstruct the existing FM 1082 due to the failing existing conditions of FM 1082 on top of the Dam. The new roadway will be 32-feet-wide with two 11-foot travel lanes and 5-foot outside shoulders. Alternatives that will be shown will consist of widening the Dam crest, lowering the Dam crest, a combination of the two, and the relocation to the bottom of the Dam. TxDOT will represent their alternative analysis and their recommendation.

Although additional right of way would be required for the relocation option, no residential or non-residential structures are anticipated to be displaced at this time. Information concerning services and benefits available to affected property owners and information about the tentative schedule for right-of-way acquisition and construction can be obtained from the TxDOT district office by calling (325) 676-6800.

The proposed project would involve an action in a floodplain.

Any environmental documentation or studies, any maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at the Abilene District Office, 4250 N. Clack St., Abilene, TX 79601. Project materials are also available online at the web address listed above.

The virtual public meeting and in-person option will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting or in-person option, please contact Tanya Brown, Abilene District Public Information Officer (PIO), at (325) 676-6817 no later than 4 p.m. CT, Friday, July 1, 2022. Please be aware that advance notice is required as some services and accommodations may require time for the Texas Department of Transportation to arrange.

Written comments from the public regarding the proposed project are requested and may be submitted by mail to the TxDOT Abilene District Office, 4250 N. Clack St., Abilene TX 79601. Written comments may also be submitted by email to michael.haithcock@txdot.gov. All comments must be received on or before Friday, July 22, 2022. Responses to comments received will be available online at the web address listed above once they have been prepared.

If you have any general questions or concerns regarding the proposed project or virtual meeting or in-person option, please contact Michael Haithcock, P.E., TP&D Director, at michael.haithcock@txdot.gov or (325) 676-6800.
