WATCH THE VIDEO

WHAT IS THIS ITEM?

- **This is a pre-recorded presentation with narration from the project team. This is a great way to receive an overview of the project.**
- A pre-recorded virtual public meeting presentation is the same presentation you'd hear in-person.
- A PDF file of the presentation and a transcription of the script are also available in the downloads section if you want to review it without sound.

HOW CAN I VIEW THE PRE-RECORDED PRESENTATION?

- This video is embedded in the Virtual Public Meeting web page and available on YouTube.com.
- Click the presentation video on the TxDOT.gov virtual public meeting web page.
- Click the full-screen button at the bottom of the video to enlarge as needed if viewing in YouTube.
- You can view the presentation as many times as you want.

2

REVIEW THE PROJECT MATERIALS

WHAT ARE THESE ITEMS?

- **The project materials are PDF files in the downloads section:**
 - **Fact Sheet**
 - **Presentation and Script**
 - **Proposed Design Concept**
 - **Draft Schematic Design**

HOW CAN I ACCESS THESE MATERIALS?

- You can access them by clicking the link on the virtual public meeting web page where you can view them on your web browser.
- We recommend reviewing the draft schematic design map on a desktop computer or tablet as the maps are very large – and they may take a minute or two to open.
- You can also save the file to your computer and open it in your PDF document reader such as Adobe Acrobat.
- You may find it helpful to zoom in or out using the (+) or (-) icons on your screen.
- You can locate any property or location using the wayfinding information.
- We understand that reviewing these maps without a project team member can be challenging. You are always welcome to call us at (512) 342-3281 to help navigate these maps.

HOW TO COMMENT

Visit www.TxDOT.gov

Keyword search:
“I-20 Six-Lane Widening Project”

TxDOT would like to know your thoughts on:

- Project goals and objectives
- Mobility, connectivity and safety concerns on I-20 through Abilene
- Proposed roadway design under consideration
- Options regarding bicycle and pedestrian accommodations, and the I-20 westbound ramp to SH 351
- Anything else you’d like to share
