

## RURAL TRANSPORTATION IMPROVEMENT PROGRAM ( Rural TIP)

The Rural TIP is a list of local projects to be funded over the next four years in your community.

### Did you know?

A project included in the Rural TIP helps your community. By helping prioritize projects, you are helping the community get the projects it needs.

**TxDOT's Abilene District** is hosting a virtual and in-person public meeting to review projects included in the **2027 – 2030 Rural TIP**.

Transportation projects for the following counties are included in this district's program:

- BORDEN
- CALLAHAN
- FISHER
- HASKELL
- HOWARD
- JONES
- KENT
- MITCHELL
- NOLAN
- SCURRY
- SHACKELFORD
- STONEWALL
- TAYLOR

It is important for you to get involved because the Rural TIP signifies regional consensus (community-region-state) on the need and priority of a project. The Rural TIP helps identify fund-matching requirements for state and local governments.

### Did you know?

Transportation projects CANNOT receive federal funding unless they are included in the Rural TIP. It can include projects for: private vehicles, bicycles, pedestrians, public transport and commercial vehicles.

### For more info contact: Billy Dezern

Phone: 325-676-6800 Billy.Dezern@txdot.gov  
Attention: Rural TIP

### SPECIAL ACCOMODATIONS:

*The virtual public meeting and in-person option will be conducted in English. If you need an interpreter or document translator because English is not your primary language or have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting or in-person option, please contact Alaisha Montanez, Abilene District PIO, at 325-676-6817 no later than 4 p.m. CT, April 7, 2026. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.*
