The environmental review, consultation, and other actions required by applicable Federal Environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

NOVEMBER 2023

LOCATION

US 54 from FM 2677 to
the Oklahoma State Line in
Sherman County, Texas

PROJECT LENGTH

19 miles

PRESENTATION

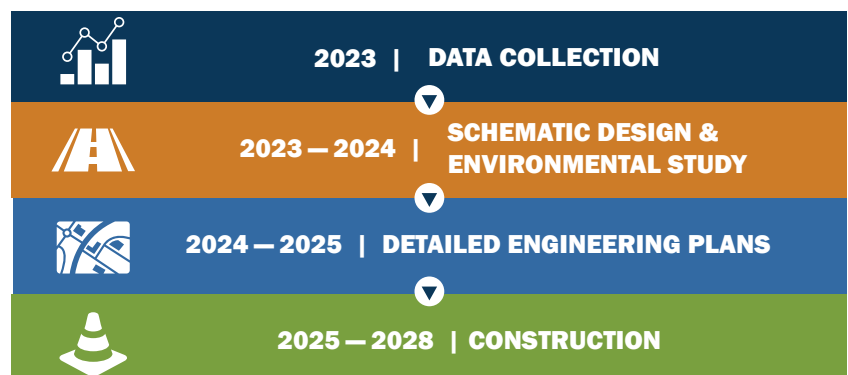

A TxDOT staff member will deliver a presentation at the in-person open house meeting. Questions will be answered by staff during the open house meeting. A copy of the presentation and all displays and exhibits will be available in the virtual public meeting at www.txdot.gov.

PROJECT DETAILS

The project aims to upgrade US 54 from a 2-lane undivided roadway to a 4-lane divided roadway with a median. The project will evaluate improvements to cross streets and will remove existing rest stops and consolidate these areas to one new truck parking location. These improvements will help increase the overall safety of the corridor and add capacity.

The open house provides exhibits which include the location of the proposed project, configuration and location of proposed typical sections, and a location for truck parking.

ESTIMATED PROJECT MILESTONES*
