

SH 71 at Ross Road and Kellam Road

PROJECT INFORMATION

SEPTEMBER 2024

PROJECT DETAILS

The SH 71 at Ross Road and Kellam Road project removed traffic signals from the mainlanes by constructing overpass bridges on SH 71 over Ross Road and Kellam Road.

Work included:

Constructing two new bridges over Ross Road and Kellam Road.

Constructing new frontage roads to provide local access.

Improving and expanding bicycle and pedestrian accommodations.

BENEFITS

SH 71 serves as a major corridor for drivers traveling to and from the Austin-Bergstrom International Airport, the city of Bastrop, and other Central Texas communities. As Travis and Bastrop counties continue to grow, the completed project improves safety and mobility by allowing through-traffic on SH 71 to flow through the area without stopping.

TIMELINE

The project began in February 2021 and was complete in September 2024.

DISTANCE

2.5 miles

CONSTRUCTION COST

\$70 million

CONTRACTOR

Zachry Construction Corporation
