

## Provide your input about potential improvements

TxDOT is proposing to reconstruct I-10 and US 69 where they converge in Beaumont (Jefferson County). The project involves widening I-10 and US 69; adding two-lane direct connectors (flyover ramps), and relocating some highway ramp locations. Please review the informational points below to learn more and share your feedback.

[Begin](#)

The approximately five-mile project widens the existing I-10 and US 69 roadways from Walden Road (County Road 131) east to US 90 (College Street) in each direction, and then also from Hollywood Overpass to 7th Street in each direction.
