## Notice and Opportunity to Comment

### STATE HIGHWAY (SH) 6

#### From 0.18 Miles North of Crescent Street to Comanche County line

CSJs: 0257-04-031

#### EASTLAND County, Texas

The Texas Department of Transportation (“TxDOT”) is proposing to improve the SH 6 roadway from 0.18 Miles North of Crescent Street to Comanche County line in Gorman, Eastland County, Texas. This notice is affording an opportunity to comment as part of the environmental review process for this project. You are receiving this notice because records indicate you own property that would be acquired (in part or in whole) for this project.

The proposed project involves reconstructing the roadway to include adding a continuous center-turn lane, curb and gutter, pedestrian facilities, illumination and storm drainage. This will involve work within the city of Gorman for approximately 1.34 miles and include approximately 3.52 acres of new right of way (ROW). Sewer installation work is proposed along SH 6 and down FM 8 to drain storm water just south of FM 8 and FM 679.

The proposed project would, subject to final design considerations, require additional right of way and potentially displace one residence and three non-residential structures. Relocation assistance is available for displaced persons and businesses. Information about the TxDOT Relocation Assistance Program and services and benefits for displaced and other affected property owners, as well as information about the tentative schedule for right-of-way acquisition and construction, can be obtained from the TxDOT district office by calling (325) 643-0415.

Any environmental documentation or studies, maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are available online at <https://www.txdot.gov> and **Search: SH 6 Reconstruction - Gorman**. If you do not have internet access, you may call 325-643-0415 to ask questions about the project and access project materials at any time during the project development process.

The project materials are written in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to review the project materials or submit information, please contact Lisa Tipton, TxDOT Brownwood District Public Information Officer, at (325) 643-0413 no later than 4 p.m. CT, at least three business days before the date you would like to review the project materials or submit information. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

OUR VALUES: *People • Accountability • Trust • Honesty*

OUR MISSION: *Connecting You With Texas*

An Equal Opportunity Employer

You may submit written comments on this project. Written comments may be submitted by mail to the TxDOT Brownwood District Office, 2495 HWY 183 North, Brownwood, Texas 76802, or by email to [Jason.scantling@txdot.gov](mailto:Jason.scantling@txdot.gov). All comments must be received on or before Monday, May 17, 2021.

If you have any general questions or concerns regarding the proposed project, please contact Jason Scantling, Director of Transportation Planning and Development, (325) 643-0415, and [jason.scantling@txdot.gov](mailto:jason.scantling@txdot.gov).

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.
