

US 77 Woodsboro Refugio Improvement Project

The Texas Department of Transportation (TxDOT) Corpus Christi District, in coordination with Refugio County, is continuing the project development process for the US Highway (US) 77 improvements in the Woodsboro and Refugio area. The US 77 Woodsboro Refugio Improvement project would upgrade the existing US 77 to interstate standards along the existing route near the town of Woodsboro and construct a new US 77 roadway to interstate standards east of the City of Refugio.

Join us for an open house to learn more about the proposed project, ask questions, and provide feedback to the project team. This is a come-and-go opportunity provided for your convenience. All open house meetings will provide the same information and materials.
