The Texas Department of Transportation (TxDOT) is proposing to reconstruct and widen Farm-to-Market Road (FM) 1378 from FM 3286 to West Lucas Road in Collin County, Texas. This notice advises the public that TxDOT will be conducting an online virtual public hearing on the proposed project with an in-person option. **The virtual hearing will consist of a pre-recorded video presentation and will include both audio and visual components. The materials will be posted online by Thursday, August 29, 2024, at 5 p.m. and will remain online for at least 15 days.** To view the virtual public hearing, go to the following web address at the date and time indicated above: www.keepitmovingdallas.com/projects/fm-roads/FM1378. **Please note the virtual public hearing is not a live event and can be viewed at your convenience.** If you do not have internet access, you may call (214) 319-3636 between 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process.

In addition, TxDOT is providing an in-person option for individuals who would like to participate in person instead of online. **The in-person option will be held in an open house format from 5 to 7 p.m. with a live presentation about the proposed project at 5:30 p.m. at the Lucas Christian Academy, 505 W. Lucas Road, Lucas, TX 75002.** In person attendees will be able to review hard copies of project materials, ask questions of TxDOT staff and/or consultants, and leave comments.

The proposed project consists of widening the existing two-lane undivided roadway to a four-lane divided roadway for a distance of approximately 0.9 mile. The improvements include two travel lanes in each direction divided by a curbed median to separate the eastbound and westbound lanes. The proposed typical right-of-way width would vary from approximately 130 feet to 140 feet, with additional right of way for turn lanes and drainage improvements.

The proposed project would, subject to final design considerations, require additional right of way and potentially displace three residences and two non-residential structures. Relocation assistance is available for displaced persons and businesses. Information about the TxDOT Relocation Assistance Program and services and benefits for those displaced and other affected property owners, as well as information about the tentative schedule for right-of-way acquisition and construction, can be obtained from the TxDOT district office by calling (214) 320-6675 or visiting the project website.

Any environmental documentation or studies, any maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project will be on file and available for inspection by appointment Monday through Friday between the hours of 8 a.m. and 5 p.m. at the TxDOT Dallas District Office at 4777 East US Highway 80, Mesquite, Texas 75150 starting August 29, 2024. Please call (214) 319-3636 to make an appointment. Project materials will also be available online on the project website beginning on Thursday, August 29, 2024, at 5 p.m. These materials will also be available in hard copy form for review at the in-person hearing.
