Both virtual and in-person attendees will be able to learn about the study process and provide input on the recommended alternative for the future of I-345. As Dallas County population continues to grow and I-345 reaches its estimated remaining useful service life, it is necessary to plan for the future of the roadway. This study will help to determine the future of I-345.

Maps showing the study location as well as study approach information will be available for viewing at the virtual and in-person public meetings and available for public inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at the TxDOT Dallas District Office located at 4777 E. Highway 80, Mesquite, Texas 75150.

The virtual public meeting and in-person options will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting or in-person options, please contact TxDOT Dallas District Public Information Office at (214) 320-4480 no later than 4 p.m., Tuesday, May 17, 2022.
