Thank you for attending today's public meeting. The Texas Department of Transportation (TxDOT) welcomes you.

Today's public meeting is about the Doniphan Drive Corridor Plan. The Corridor Plan will document the community's vision for a 15-mile section of Doniphan Drive as it relates to future transportation and development along the corridor through 2040. One of the results of this process will be the identification of a set of improvements for short-, medium- and long-term implementation.

The purpose of the meeting is to present and gather input on three design alternatives of roadway, multi-modal, drainage, and urban design improvements that address the needs and challenges in the corridor.

No formal presentation will be given.

STATION GUIDE

Station 1: Sign-in Table

Station 2: Background Information

Station 3: What we Learned & What we Heard

Station 4: Conceptual Design Alternatives

Station 5: Traffic Operations

Station 6: Drainage

Station 7: Urban Design Elements

Station 8: Comparison of Alternatives

Station 9: Comments

DONIPHAN DRIVE CORRIDOR PLAN

FACT SHEET

The TxDOT El Paso District is developing a Corridor Plan for a 15-mile section of Doniphan Drive between the Texas/New Mexico state line and Racetrack Drive in El Paso. Doniphan Drive is State Highway 20 from the Texas/New Mexico state line to Mesa Street in El Paso, and a City of El Paso roadway from Mesa Street to Racetrack Drive.

Primary Objective

The Corridor Plan will document the community’s vision for Doniphan Drive as it relates to future transportation and development along the corridor through 2040. One of the results of this process will be the identification of a set of improvements for short-, medium-, and long-term implementation. The development of the Plan will be accomplished through a process of data collection, analysis of current and future transportation needs and agency/public outreach to identify potential projects.

Get Involved

Public engagement is a key element to the success of this Corridor Plan. The development of this plan will include coordination with public stakeholders; elected officials; local, state and federal agencies. We will request public input at key coordination points throughout the development of the Doniphan Drive Corridor Plan.
