Christopher Weber

Alpine Area Engineer, TxDOT

November 7, 2000 was the last deathless day on Texas roadways.

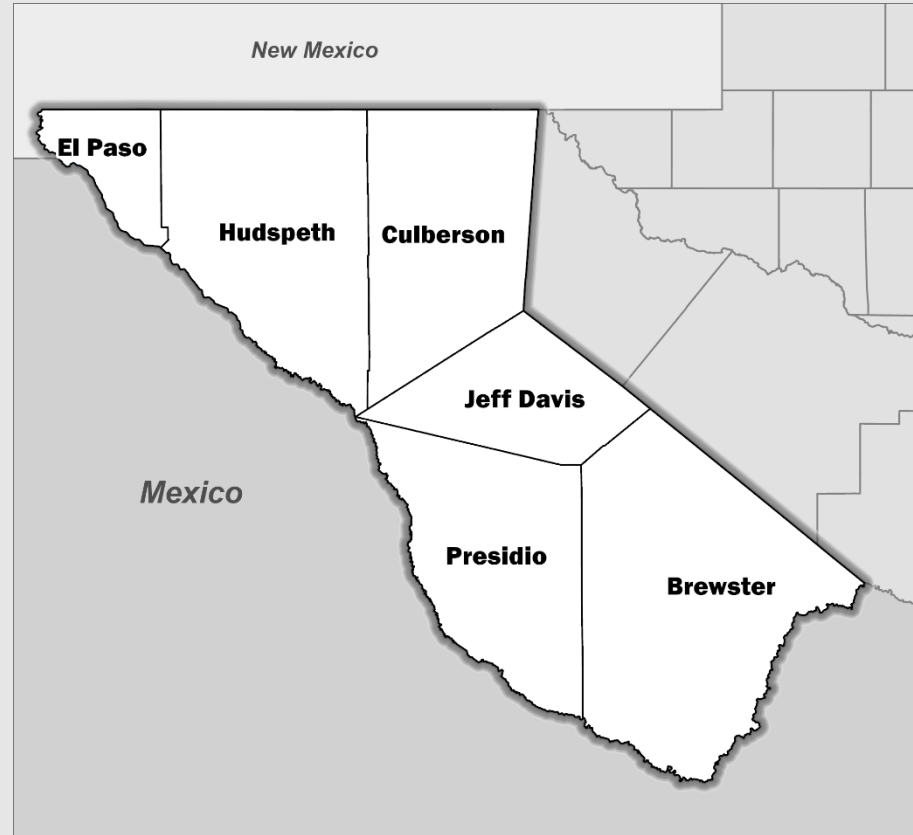

Help us end the streak of daily deaths, Texas!

#EndTheStreakTX

End the streak of daily deaths on Texas roadways.

Safety Never Stops!

El Paso District

THE RURAL TIP

is list of all added capacity and regionally significant projects to be funded within a TxDOT District during the next four years, including those eligible for federal funding.

It can include projects for :

A Rural TIP project is anticipated to be funded within the next 4 years.

It shows regional agreement (community-region-state) on the need of a project.

The Rural TIP process includes opportunities to provide input on the priority of major projects that are listed on it.

Local and small projects around your community dealing with safety and access also get funding through the Rural TIP, for example:

Roadway improvements

Sidewalks

Bike lanes

Pavement repair or maintenance

New or improved signals

Turning lanes

By participating today, you are providing input on 76 projects!

**You know your
community
best!**

**Tell us what
project
should come
first and why**

How Projects are Selected for the Rural TIP

Projects are identified and selected by evaluating existing and future needs based on:

current conditions and projections, statewide and regional plans, public input regarding transportation priorities

^ This would be you, right now!

Selected projects are separated into
2
main categories

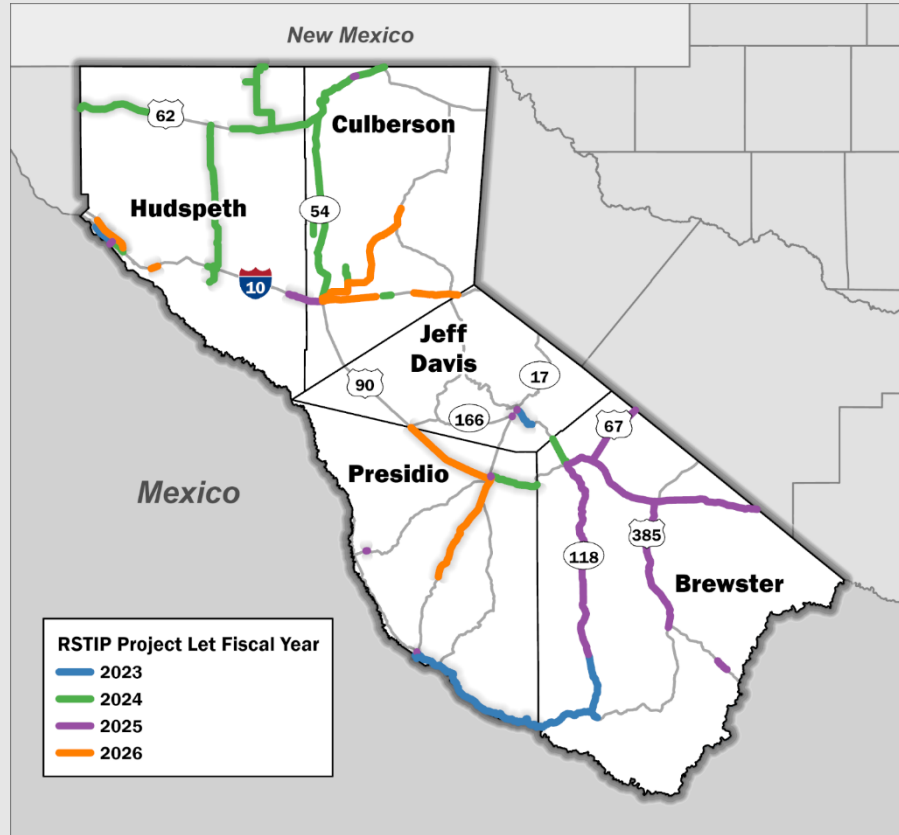

1. Regionally Significant Projects

Those with the appropriate scale or reach to be considered as stand-alone projects in a given program year have their own category.

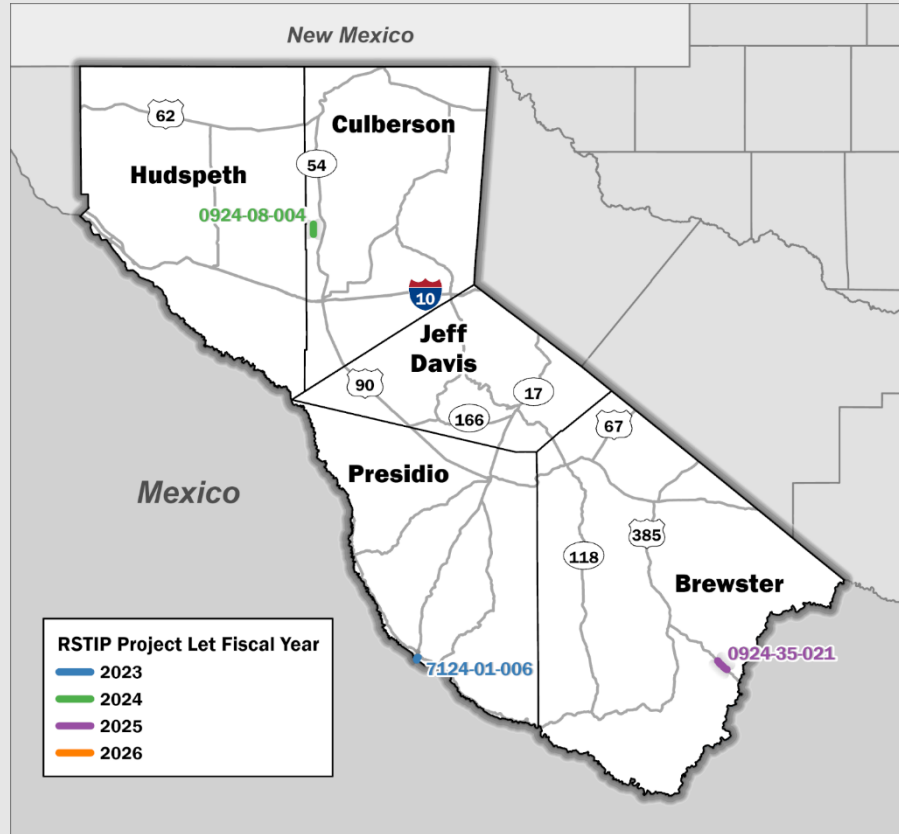

2. Grouped Projects

Those without the scale to stand on their own are grouped into one of 11 subcategories and considered as a single line item in the list.

Adriana Rodriguez

Transportation Planner, TxDOT

The Rural TIP is a fiscally constrained list of projects that functions as a budgeting tool for our District.

Funds can come from:

Federal Government

Through the Federal Highway and Transit Administrations

TxDOT

Through its Unified Transportation Program funding categories

Local governments

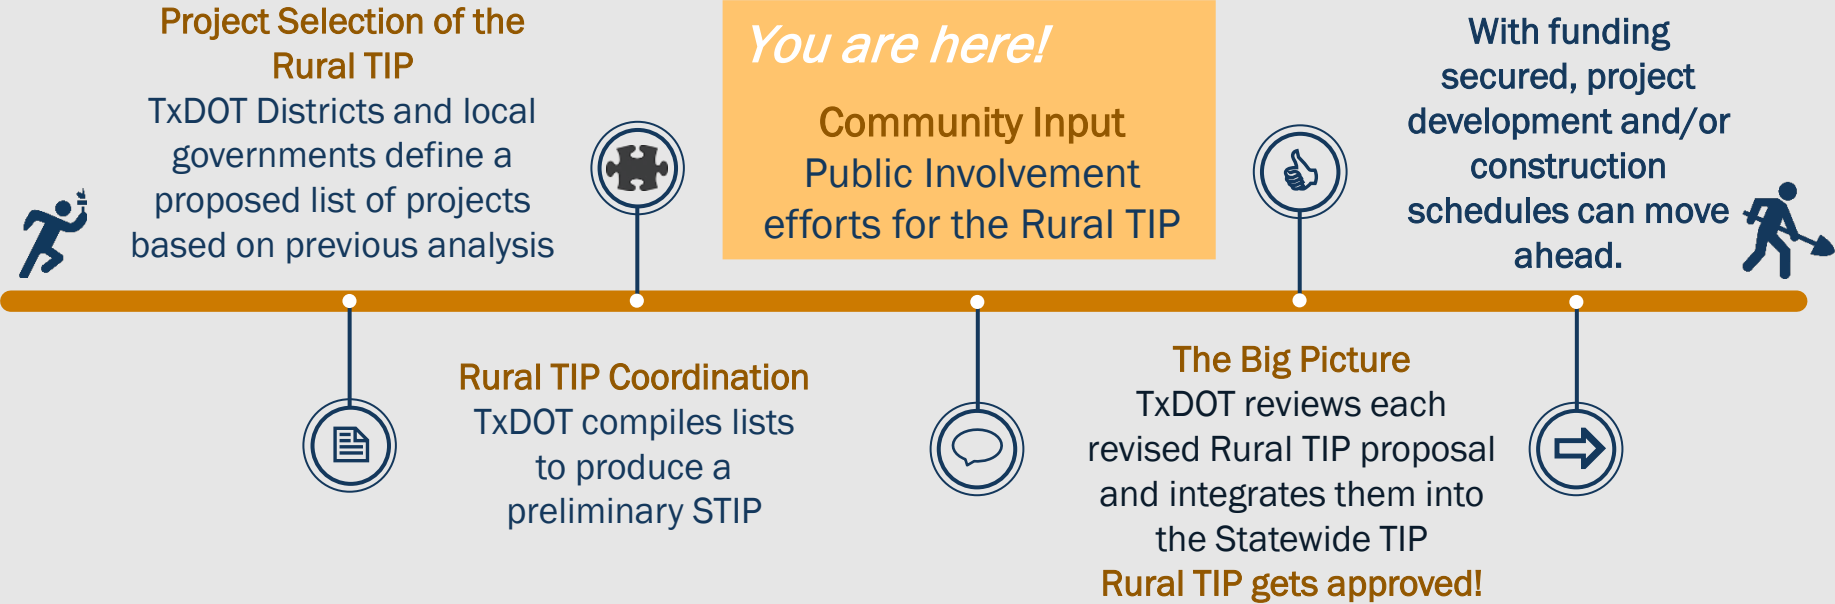

Who may be required to provide matching funds for federal monies

**“Fiscally
constrained
TIP” means:**

**It is realistic in
terms of the
amount of funding
available.**
