Virtual Public Meeting with In-Person Option

BONDS RANCH ROAD SEGMENT 2 AT BUS 287
From west of BUS 287 to east of Aviator Drive
CSJs: 0013-10-098, 0902-90-331
Tarrant County, Texas

The Texas Department of Transportation (TxDOT) Fort Worth District, The City of Fort Worth, Tarrant County and the Regional Transportation Council are proposing to widen Bonds Ranch Road from west of BUS 287 to east of Aviator Drive, construct an overpass crossing of BUS 287 and the Union Pacific and BNSF railroads, and improve the intersection at BUS 287 in Tarrant County, Texas. This notice advises the public that TxDOT will be conducting an online virtual public meeting on the proposed project, with an in-person option. **The virtual meeting will consist of a pre-recorded video presentation and will include both audio and visual components.**

The presentation will be posted online by Thursday, Sept. 10, 2026, at 10 a.m. and will remain online until Friday, Sept. 25, 2026, 11:59 p.m. During this time, view the virtual public meeting or project materials at the following web address, or scan the QR code at the top of this page:

Additionally, TxDOT is providing an option for individuals who would like to participate in person instead of online. **The in-person option will be held in a "come and go" open house format**. Attendees will be able to:

- **View** the same **pre-recorded presentation** delivered in the online public meeting, which will be playing on a screen.
- **Participate** in the project development process by reviewing hard copies of project materials and details.
- **Ask questions** of the project team.
- **Submit** written comments and feedback.

The in-person option will be held on:

Thursday, Sept. 10, 2026. Come and go anytime from 6 - 8 p.m.
Betsy Price Community Center Gymnasium
8375 Blue Mound Road, Fort Worth 76131

The proposed project would widen approximately 0.6 miles of Bonds Ranch Road from west of BUS 287 to east of Aviator Drive, expand the roadway to two lanes in each direction with a center median and left turn lane. It would also include the installation of curb and gutter drainage, construction of a shared-use path for pedestrians and cyclists, and construction of an overpass carrying Bonds Ranch Road over BUS 287 and the BNSF and Union Pacific railroad crossings. Additional improvements include widening 0.6 miles of BUS 287 to two lanes in each direction with left-turn and acceleration/deceleration lanes and constructing new connections to maintain access from BUS 287 to Bonds Ranch Road. These improvements are intended to address increasing traffic volumes, enhance safety, reduce congestion and delay, and improve mobility through roadway upgrades and elimination of ground-level railroad crossings.

No final decisions regarding the proposed right-of-way footprint have been made. Although approximately 28 acres of additional right of way are currently estimated to be required, no residential or non-residential structures are anticipated to be displaced at this time. The proposed project may impact a property that is currently being evaluated for protection under Section 4(f) of the Department of Transportation Act of 1966. Studies are ongoing to determine eligibility and the nature of any project impacts.
