**Notice**  
**Draft Environmental Assessment and Opportunity for a Public Hearing**  
**East-West Connector (Rental Car Drive)**  
**From SH 360 to International Parkway**  
**CSJs: 0902-48-712, 0902-90-034**  
**Tarrant County, Texas**

Dallas/Fort Worth International Airport (DFW Airport) and the Texas Department of Transportation (TxDOT) are proposing to construct a new roadway, East-West Connector (Rental Car Drive), from State Highway (SH) 360 to International Parkway in Tarrant County, Texas. The proposed roadway would extend from East Harwood Road at SH 360 to Rental Car Drive at International Parkway. This notice advises the public that a draft Environmental Assessment (EA) is available for public review and that TxDOT is affording an opportunity for a public hearing on the proposed project.

The project length is 1.65 miles. The proposed facility would generally consist of two 12-foot lanes in each direction separated by a 6 to 18-foot-wide raised, grassy, center median. The westbound direction would include: a shared use path (to accommodate both pedestrians and cyclists), and two 12-foot wide vehicle travel lanes. Similarly, the eastbound direction would include all elements of the westbound direction with the exception of a 5 to 6-foot pedestrian sidewalk in lieu of the shared-use path. The proposed roadway would include a bridge structure spanning the 100-year floodplain surrounding Bear Creek. A second proposed bridge structure would be constructed south of the dam/outfall of the Trigg Lake emergency spillway to allow the passage of anticipated flows. The project is proposed to be constructed in two project phases. The initial phase is anticipated to start in 2023 and would include 2-lanes, with one lane in each direction. The ultimate phase is anticipated to be complete in 2028, and includes 4-lanes, with two lanes in each direction when funding becomes available.

The proposed project will require 42.8 acres of DFW Airport-owned property. It does not require ROW acquisition. An additional 4.5 acres of the proposed project will be on existing TxDOT ROW.

The proposed project would involve an action in a floodplain.

The draft EA, maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at the following locations:

- Dallas-Fort Worth International Airport, Design, Code, and Construction Office, 3003 S. Service Road, DFW Airport, Texas 75261
- TxDOT Fort Worth District Office, 2501 SW Loop 820, Fort Worth, Texas 76133
- TxDOT North Tarrant Area Office, 2501 Eules Blvd., Eules, Texas 76040
- Mary Lib Saleh Eules Public Library, 201 N. Ector Dr., Eules, Texas 76039

Project materials are also available online at [www.txdot.gov](http://www.txdot.gov) keyword search, "East-West Connector."

The project materials are written in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to review the project materials or submit information, please

contact Jacqueline Carter, Project Manager at DFW Airport, at (972) 973-1888 no later than 4 p.m. CT, at least three business days before the date on which you would like to review the project materials or submit information. Please be aware that advance notice is required as some services and accommodations may require time for DFW Airport to arrange.

Any interested person may submit a written request for a public hearing on this project. Written comments from the public regarding the proposed project are also requested. Written hearing requests and comments may be submitted by mail to Jacqueline Carter, DFW Airport, PO Box 612008, DFW Airport, Texas 75261, or by email to [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com). All hearing requests and comments must be received on or before February 8, 2022. A hearing will be held if ten or more individuals submit timely written requests for a hearing, or if an agency with jurisdiction over the project submits a timely written request for a hearing that is supported by reasons why a hearing will be helpful. Responses to comments received will be available online at [TxDOT.gov](http://TxDOT.gov), keyword search: "East-West Connector" once they have been prepared.

If you have any general questions or concerns regarding the proposed project, please contact Jacqueline Carter, Project Manager, at [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com) or (972) 973-1888.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

# East-West Connector (Rental Car Drive)

FORT WORTH DISTRICT

## PROJECT OVERVIEW

**Highway/Limits:** East-West Connector (Rental Car Drive) from SH 360 to International Parkway (Spur 97) in Tarrant County, TX

**Project ID:** CSJs 0902-48-712 & 0902-90-034

**Project Length:** 1.65 miles

**Description:** Dallas/Fort Worth International Airport (DFW Airport), in conjunction with the Texas Department of Transportation (TxDOT), proposes to construct a new four-lane, divided urban arterial roadway in eastern Tarrant County, Texas. The proposed facility would generally consist of two 12-foot lanes in each direction separated by a 6 to 18-foot-wide raised, grassy center median. The proposed roadway would include a bridge structure spanning the 100-year floodplain surrounding Bear Creek. A second proposed bridge structure would be constructed south of the dam/outfall of the Trigg Lake emergency spillway to allow the passage of anticipated flows. The project is proposed to be constructed in two project phases. The initial phase would include 2-lanes, with one lane in each direction. The ultimate phase includes 4-lanes, with two lanes in each direction when funding becomes available. The purpose of the project is to reduce travel times and improve mobility to and from the DFW Airport by increasing connectivity between the intersection of SH 360 and East Harwood Road and the intersection of International Parkway and Rental Car Drive.

**Construction Cost:** The proposed project would have an estimated construction cost of approximately \$35,000,000.

**Right of Way:** The project alternatives would require approximately 42.8 acres of DFW Airport-owned property. It does not require ROW acquisition. An additional 4.5 acres of the proposed project will be on existing TxDOT ROW.

**Contact:** Jacqueline Carter  
PO Box 612008  
DFW Airport, TX 75261-2008  
Email: [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com)  
Phone: 972-973-1888

## ESTIMATED PROJECT MILESTONES

**Receive Environmental Clearance:** 2022

**Design 100% Complete:** 2022

**Utility Coordination Complete:** 2022

**Begin Construction Initial Phase:** 2023

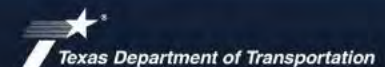

**End Construction Initial Phase:** 2025

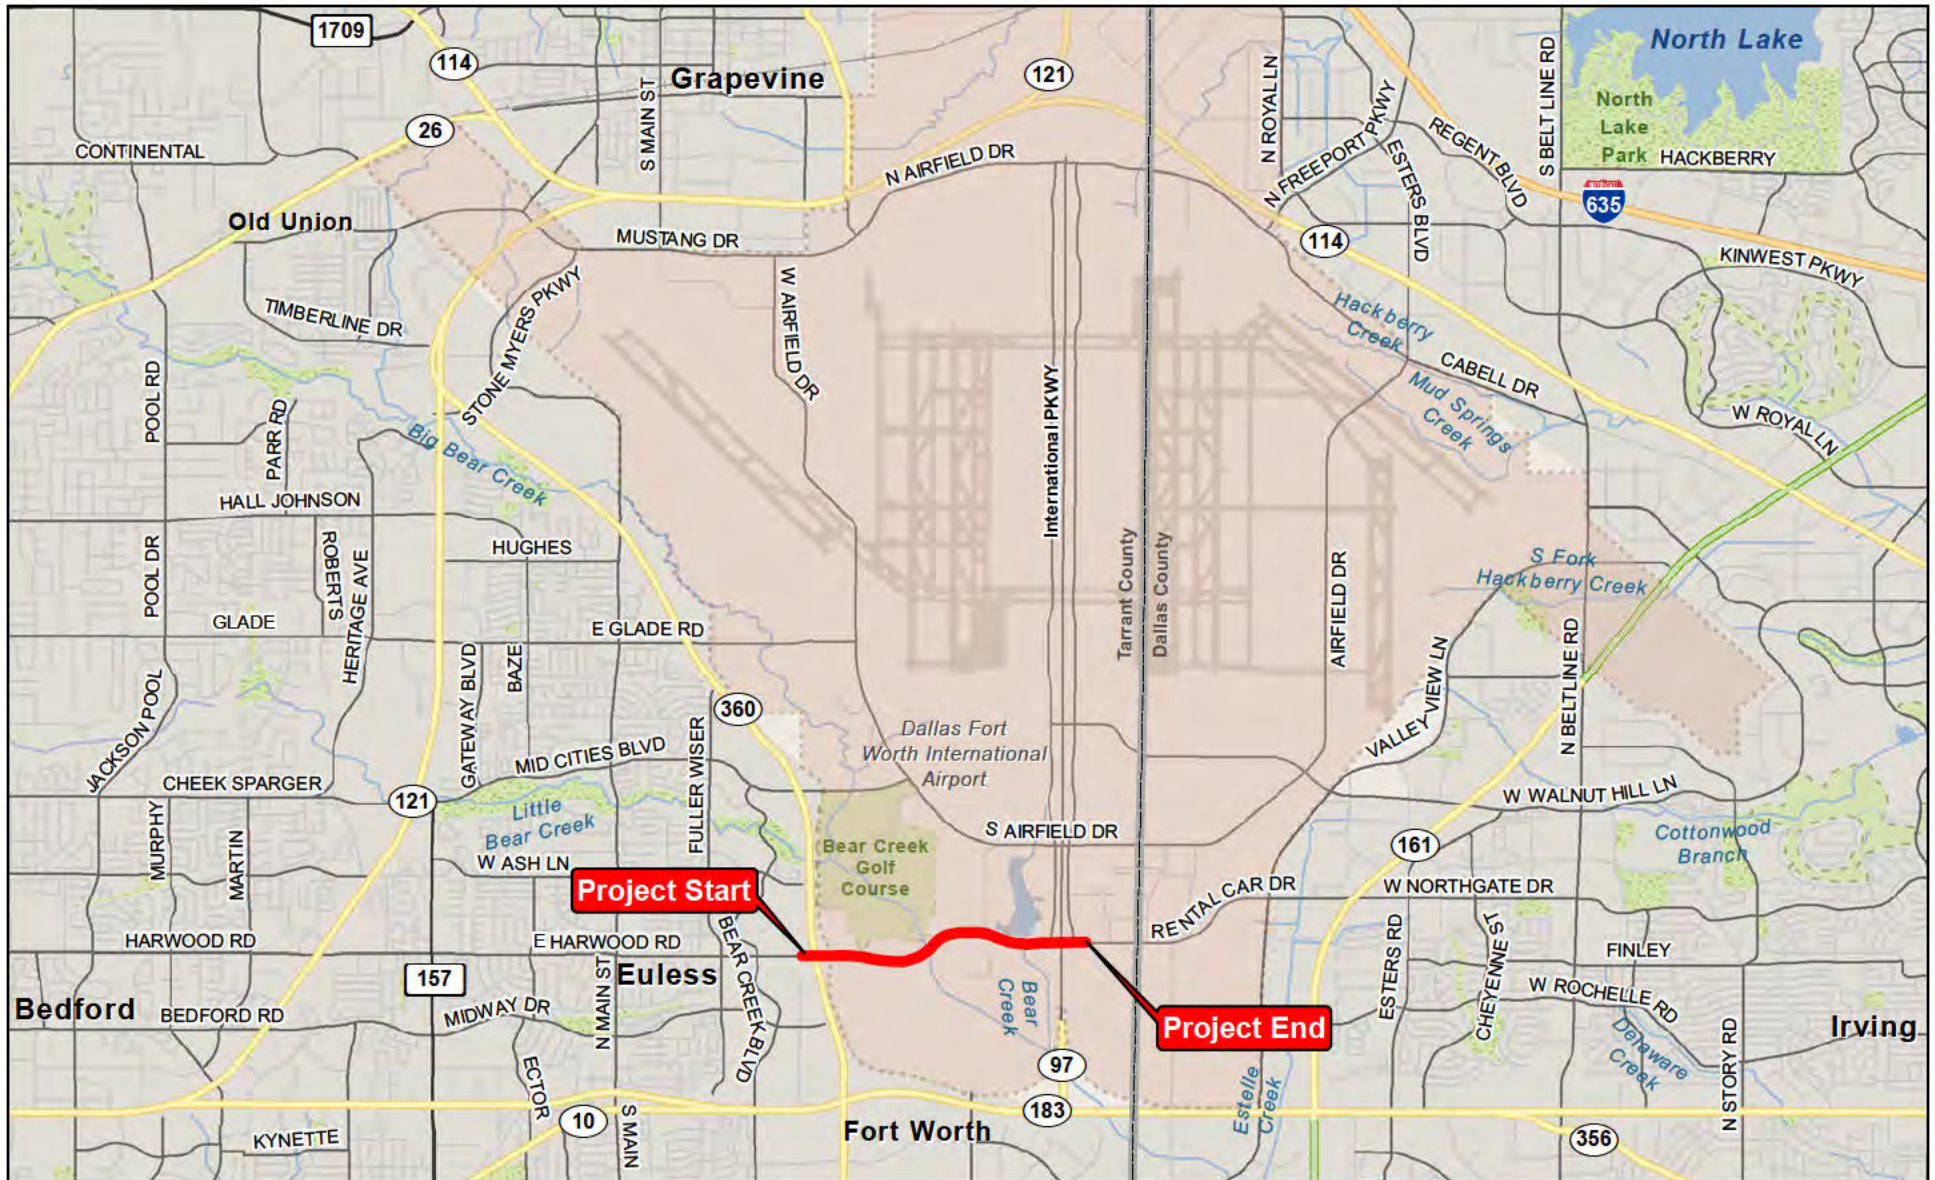

**Begin Construction Ultimate Phase:** 2026

**End Construction Ultimate Phase:** 2028

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S. Code Section 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

January 4, 2022  
East-West Connector (Rental Car Drive)  
Tarrant County  
CSJ: 0902-48-712 & 0902-90-034

The Honorable Linda Martin  
City of Euless  
201 N. Ector Dr.  
Euless, TX 76039

Dear Mayor Martin,

The Dallas-Fort Worth International Airport and Texas Department of Transportation – Fort Worth District (TxDOT-FTW) are offering the opportunity to request a public hearing. The public hearing will cover the social, economic, and environmental effects of the proposed construction of a new, four-lane, divided urban arterial roadway from State Highway 360 to International Parkway. The proposed roadway would extend from East Harwood Road at SH 360 to Rental Car Drive at International Parkway. The proposed project does not require ROW acquisition.

Interested citizens or public officials may submit comments or request a public hearing covering the social, economic, and environmental effects of the proposed location and design for this project. Requests for a public hearing must be submitted in writing on or before February 8, 2022, to Ms. Jacqueline Carter, PO Box 612008, DFW Airport, TX 75261-2008.

To access more information on the proposed project and view the draft Environmental Assessment, visit [www.txdot.gov](http://www.txdot.gov) and enter the keyword search “East-West Connector” in the top right-hand search box. For your convenience, a copy of the Notice Affording an Opportunity for a Public Hearing, Fact Sheet, and Project Location Map are enclosed.

If you would like additional information regarding the project, please contact our DFW Airport Project Manager, Jacqueline Carter at [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com) or (972) 973-1888.

Sincerely,

*Jacqueline Carter*

Tika Paudel  
City of Euless  
201 N. Ector Dr.  
Euless, TX 76039

Dear Councilman Paudel,

The Dallas-Fort Worth International Airport and Texas Department of Transportation – Fort Worth District (TxDOT-FTW) are offering the opportunity to request a public hearing. The public hearing will cover the social, economic, and environmental effects of the proposed construction of a new, four-lane, divided urban arterial roadway from State Highway 360 to International Parkway. The proposed roadway would extend from East Harwood Road at SH 360 to Rental Car Drive at International Parkway. The proposed project does not require ROW acquisition.

Interested citizens or public officials may submit comments or request a public hearing covering the social, economic, and environmental effects of the proposed location and design for this project. Requests for a public hearing must be submitted in writing on or before February 8, 2022, to Ms. Jacqueline Carter, PO Box 612008, DFW Airport, TX 75261-2008.

To access more information on the proposed project and view the draft Environmental Assessment, visit [www.txdot.gov](http://www.txdot.gov) and enter the keyword search “East-West Connector” in the top right-hand search box. For your convenience, a copy of the Notice Affording an Opportunity for a Public Hearing, Fact Sheet, and Project Location Map are enclosed.

If you would like additional information regarding the project, please contact our DFW Airport Project Manager, Jacqueline Carter at [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com) or (972) 973-1888.

Sincerely,

*Jacqueline Carter*

Fort Worth, TX 76196

Dear Commissioner Allen,

The Dallas-Fort Worth International Airport and Texas Department of Transportation – Fort Worth District (TxDOT-FTW) are offering the opportunity to request a public hearing. The public hearing will cover the social, economic, and environmental effects of the proposed construction of a new, four-lane, divided urban arterial roadway from State Highway 360 to International Parkway. The proposed roadway would extend from East Harwood Road at SH 360 to Rental Car Drive at International Parkway. The proposed project does not require ROW acquisition.

Interested citizens or public officials may submit comments or request a public hearing covering the social, economic, and environmental effects of the proposed location and design for this project. Requests for a public hearing must be submitted in writing on or before February 8, 2022, to Ms. Jacqueline Carter, PO Box 612008, DFW Airport, TX 75261-2008.

To access more information on the proposed project and view the draft Environmental Assessment, visit [www.txdot.gov](http://www.txdot.gov) and enter the keyword search “East-West Connector” in the top right-hand search box. For your convenience, a copy of the Notice Affording an Opportunity for a Public Hearing, Fact Sheet, and Project Location Map are enclosed.

If you would like additional information regarding the project, please contact our DFW Airport Project Manager, Jacqueline Carter at [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com) or (972) 973-1888.

Sincerely,

*Jacqueline Carter*

Dear Mr. Drozd,

The Dallas-Fort Worth International Airport and Texas Department of Transportation – Fort Worth District (TxDOT-FTW) are offering the opportunity to request a public hearing. The public hearing will cover the social, economic, and environmental effects of the proposed construction of a new, four-lane, divided urban arterial roadway from State Highway 360 to International Parkway. The proposed roadway would extend from East Harwood Road at SH 360 to Rental Car Drive at International Parkway. The proposed project does not require ROW acquisition.

Interested citizens or public officials may submit comments or request a public hearing covering the social, economic, and environmental effects of the proposed location and design for this project. Requests for a public hearing must be submitted in writing on or before February 8, 2022, to Ms. Jacqueline Carter, PO Box 612008, DFW Airport, TX 75261-2008.

To access more information on the proposed project and view the draft Environmental Assessment, visit [www.txdot.gov](http://www.txdot.gov) and enter the keyword search “East-West Connector” in the top right-hand search box. For your convenience, a copy of the Notice Affording an Opportunity for a Public Hearing, Fact Sheet, and Project Location Map are enclosed.

If you would like additional information regarding the project, please contact our DFW Airport Project Manager, Jacqueline Carter at [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com) or (972) 973-1888.

Sincerely,

*Jacqueline Carter*

Hello,

TxDOT is making a draft Environmental Assessment available to both the TCEQ and TPWD for coordination under our MOUs, 43 TAC §2.204 and §2.305.

Attached is the Notice of an Opportunity for a Public Hearing and Notice of Availability of the Draft EA along with a project fact sheet and project location map. The Draft EA along with other project materials and reports can be accessed online at the below link.

<https://www.txdot.gov/inside-txdot/get-involved/about/hearings-meetings/fort-worth/010622.html>

If you have any questions or comments, feel free to respond to this email or send to Jacqueline Carter with the DFW Airport.

Thanks,

Scott Ford

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Scott,

Thank you for submitting the following project for coordination of an Environmental Assessment (EA): East-West Connector (Rental Car Drive) (CSJ: 0902-48-712). TPWD appreciates TxDOT's commitment to implement the practices listed in the draft EA (December 2021) submitted on January 5, 2022. Based on a review of the documentation, the avoidance and mitigation efforts described, and provided that project plans do not change, TPWD considers coordination to be complete. However, please note it is the responsibility of the project proponent to comply with all federal, state, and local laws that protect plants, fish, and wildlife.

According to §2.207(f) of the 2021 TxDOT-TPWD MOU, TxDOT agreed to provide TXNDD reporting forms for observations of tracked SGCN (which includes federal- and state-listed species) occurrences within TxDOT project areas. Please keep this mind when completing project due diligence tasks. For TXNDD submission guidelines, please visit the following link:  
[http://tpwd.texas.gov/huntwild/wild/wildlife\\_diversity/txndd/submit.phtml](http://tpwd.texas.gov/huntwild/wild/wildlife_diversity/txndd/submit.phtml)

Sincerely,

Suzanne Walsh

## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

*Protecting Texas by Reducing and Preventing Pollution*

Re: Response to Request for TCEQ Environmental Review

The Texas Commission on Environmental Quality (TCEQ) received a request from the Texas Department of Transportation (TxDOT) regarding the following project:

**SH 360 to INTERNATIONAL PARKWAY, TARRANT COUNTY (CSJs: 0902-48-712, 0902-90-034)**

In accordance with the Memorandum of Understanding between TxDOT and TCEQ addressing environmental reviews, which is codified in Chapter 43, Subchapter I of the Texas Administrative Code (TAC) and 30 TAC § 7.119, TCEQ is responding to your request for review by providing the below comments.

This project is in an area of Texas classified by the United States Environmental Protection Agency as serious nonattainment for the 2008 ozone National Ambient Air Quality Standard (NAAQS) and marginal nonattainment for the 2015 ozone NAAQS. Air Quality staff has reviewed the document in accordance with transportation and general conformity regulations codified in 40 Code of Federal Regulations Part 93. We concur with TxDOT's assessment.

We are in support of the project. The environmental assessment addresses issues related to surface and groundwater quality.

TxDOT will still need to follow all other applicable laws related to this project, including applying for applicable permits.

If you have any questions, please contact the agency NEPA coordinator at (512) 239-0010 or [NEPA@tceq.texas.gov](mailto:NEPA@tceq.texas.gov)

**Subject:** East West Connector Project - Notice Affording an Opportunity for Public Hearing

Hi John,

DFW and TxDOT have been working on the East-West Connector roadway project and as one of the stakeholders, we'd like to offer you an opportunity to request a public hearing. Please see the attached letter, Notice affording an Opportunity for Public Hearing (NAOPH) published on TxDOT's website, project fact sheet, and project location map.

Please don't hesitate to reach out with any questions.

Thanks,  
Esther

Hawkins, TX 75765

To Whom It May Concern:

The Dallas-Fort Worth International Airport and Texas Department of Transportation – Fort Worth District (TxDOT-FTW) are offering the opportunity to request a public hearing. The public hearing will cover the social, economic, and environmental effects of the proposed construction of a new, four-lane, divided urban arterial roadway from State Highway 360 to International Parkway. The proposed roadway would extend from East Harwood Road at SH 360 to Rental Car Drive at International Parkway. The proposed project does not require ROW acquisition.

Interested citizens or public officials may submit comments or request a public hearing covering the social, economic, and environmental effects of the proposed location and design for this project. Requests for a public hearing must be submitted in writing on or before February 8, 2022, to Ms. Jacqueline Carter, PO Box 612008, DFW Airport, TX 75261-2008.

To access more information on the proposed project and view the draft Environmental Assessment, visit [www.txdot.gov](http://www.txdot.gov) and enter the keyword search “East-West Connector” in the top right-hand search box. For your convenience, a copy of the Notice Affording an Opportunity for a Public Hearing, Fact Sheet, and Project Location Map are enclosed.

If you would like additional information regarding the project, please contact our DFW Airport Project Manager, Jacqueline Carter at [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com) or (972) 973-1888.

Sincerely,

*Jacqueline Carter*

**Subject:** Notice Affording an Opportunity for a Public Hearing for East-West Connector  
**Attachments:** East-West Connector - NAOPH.pdf; East-West Connector - Fact Sheet.pdf; East-West Connector - Project Location Map.pdf

Dear Mr. Ross,

The Dallas-Fort Worth International Airport and Texas Department of Transportation – Fort Worth District (TxDOT-FTW) are offering the opportunity to request a public hearing. The public hearing will cover the social, economic, and environmental effects of the proposed construction of a new, four-lane, divided urban arterial roadway from State Highway 360 to International Parkway. The proposed roadway would extend from East Harwood Road at SH 360 to Rental Car Drive at International Parkway. The proposed project does not require ROW acquisition.

Interested citizens or public officials may submit comments or request a public hearing covering the social, economic, and environmental effects of the proposed location and design for this project. Requests for a public hearing must be submitted in writing on or before February 8, 2022, to Ms. Jacqueline Carter, PO Box 612008, DFW Airport, TX 75261-2008.

To access more information on the proposed project and view the draft Environmental Assessment, visit [www.txdot.gov](http://www.txdot.gov) and enter the keyword search “East-West Connector” in the top right-hand search box. For your convenience, a copy of the Notice Affording an Opportunity for a Public Hearing, Fact Sheet, and Project Location Map are attached.

If you would like additional information regarding the project, please contact our DFW Airport Project Manager, Jacqueline Carter at [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com) or (972) 973-1888.

Thank you,

Leigh Mercer  
On Behalf of DFW Airport

## **Display Ad**

On Sunday, January 9, 2022, a display ad was published in the Fort Worth Star-Telegram. It was also available on the online Spanish newspaper, La Estrella. Copies of the tear sheet, web capture, and affidavit are below.

**Notice**

**Draft Environmental Assessment  
and Opportunity for a Public Hearing  
East-West Connector (Rental Car Drive)  
From SH 360 to International Parkway  
CSJs: 0902-48-712, 0902-90-034  
Tarrant County, Texas**

Dallas/Fort Worth International Airport (DFW Airport) and the Texas Department of Transportation (TxDOT) are proposing to construct a new roadway, East-West Connector (Rental Car Drive), from State Highway (SH) 360 to International Parkway in Tarrant County, Texas. The proposed roadway would extend from East Harwood Road at SH 360 to Rental Car Drive at International Parkway. This notice advises the public that a draft Environmental Assessment (EA) is available for public review and that TxDOT is affording an opportunity for a public hearing on the proposed project.

The project length is 1.65 miles. The proposed facility would generally consist of two 12-foot lanes in each direction separated by a 6 to 18-foot-wide raised, grassy, center median. The westbound direction would include: a shared use path (to accommodate both pedestrians and cyclists), and two 12-foot wide vehicle travel lanes. Similarly, the eastbound direction would include all elements of the westbound direction with the exception of a 5 to 6-foot pedestrian sidewalk in lieu of the shared-use path. The proposed roadway would include a bridge structure spanning the 100-year floodplain surrounding Bear Creek. A second proposed bridge structure would be constructed south of the dam/outfall of the Trigg Lake emergency spillway to allow the passage of anticipated flows. The project is proposed to be constructed in two project phases. The initial phase is anticipated to start in 2023 and would include 2-lanes, with one lane in each direction. The ultimate phase is anticipated to be complete in 2028, and includes 4-lanes, with two lanes in each direction when funding becomes available.

The proposed project will require 42.8 acres of DFW Airport-owned property. It does not require ROW acquisition. An additional 4.5 acres of the proposed project will be on existing TxDOT ROW.

The proposed project would involve an action in a floodplain.

The draft EA, maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at the following locations:

- Dallas-Fort Worth International Airport, Design, Code, and Construction Office, 3003 S. Service Road, DFW Airport, Texas 75261
- TxDOT Fort Worth District Office, 2501 SW Loop 820, Fort Worth, Texas 76133
- TxDOT North Tarrant Area Office, 2501 Eules Blvd., Euless, Texas 76040
- Mary Lib Saleh Euless Public Library, 201 N. Ector Dr., Euless, Texas 76039

Project materials are also available online at [www.txdot.gov](http://www.txdot.gov) keyword search, "East-West Connector."

The project materials are written in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to review the project materials or submit information, please contact Jacqueline Carter, Project Manager at DFW Airport, at (972) 973-1888 no later than 4 p.m. CT, at least three business days before the date on which you would like to review the project materials or submit information. Please be aware that advance notice is required as some services and accommodations may require time for DFW Airport to arrange.

Any interested person may submit a written request for a public hearing on this project. Written comments from the public regarding the proposed project are also requested. Written hearing requests and comments may be submitted by mail to Jacqueline Carter, DFW Airport, PO Box 612008, DFW Airport, Texas 75261, or by email to [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com). All hearing requests and comments must be received on or before February 8, 2022. A hearing will be held if ten or more individuals submit timely written requests for a hearing, or if an agency with jurisdiction over the project submits a timely written request for a hearing that is supported by reasons why a hearing will be helpful. Responses to comments received will be available online at [TxDOT.gov](http://TxDOT.gov), keyword search: "East-West Connector" once they have been prepared.

If you have any general questions or concerns regarding the proposed project, please contact Jacqueline Carter, Project Manager, at [jccarter@dfwairport.com](mailto:jccarter@dfwairport.com) or (972) 973-1888.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

# Notice of Draft Environmental Assessment Available for Review and Opportunity for Public Hearing – East-West Connector

[Texas Department of Transportation](#) > [Inside TxDOT](#) > [Get Involved](#)  
> [About Public Hearings, Meetings and Notices](#) > [Hearings, Meetings and Notices Schedule](#)

## Purpose:

Dallas/Fort Worth International Airport (DFW Airport) and TxDOT are proposing to construct a new roadway, East-West Connector (Rental Car Drive), from SH 360 to International Parkway in Tarrant County, Texas. The proposed roadway would extend for approximately 1.65 miles from East Harwood Road at SH 360 to Rental Car Drive at International Parkway. The project would be constructed in existing right of way (ROW) and DFW Airport property. No new ROW would be acquired for the project. This notice advises the public that a draft Environmental Assessment (EA) is available for public review and that TxDOT is affording an opportunity for a public hearing on the proposed project.

## Description:

The proposed construction of East-West Connector includes a new four-lane, divided urban arterial roadway in eastern Tarrant County, Texas. This facility would generally consist of two 12-foot lanes in each direction separated by a 6 to 18-foot-wide raised, grassy center median. The westbound direction would include: a shared use path (to accommodate both pedestrians and cyclists), and two 12-foot wide vehicle travel lanes. Similarly, the eastbound direction would include all elements of the westbound direction apart from a 5 to 6-foot pedestrian sidewalk in lieu of the shared-use path. The proposed roadway would include a bridge structure spanning the 100-year floodplain surrounding Bear Creek. A second proposed bridge structure would be constructed south of the dam/outfall of the Trigg Lake emergency spillway to allow the passage of anticipated flows. The project is proposed to be constructed in two project phases. The initial phase is anticipated to start in 2023 and would include 2-lanes, with one lane in each direction. The ultimate phase is anticipated to be complete in 2028, and includes 4-lanes, with two lanes in each direction when funding becomes available. The purpose of the project is to reduce travel times and improve mobility to and from the DFW Airport by increasing connectivity between the intersection of SH 360 and East Harwood Road and the intersection of International Parkway and Rental Car Drive.

## How to Request a Public Hearing and How to Comment on the Project:

Interested citizens or public officials may submit comments or request a public hearing covering the social, economic, and environmental effects of the proposed location and design for this project. All hearing requests and comments must be

received on or before **February 8, 2022** in writing or by email to:

Jacqueline Carter  
DFW Airport  
PO Box 612008,  
DFW Airport, Texas 75261  
[jccarter@dfwairport.com](mailto:jccarter@dfwairport.com)

A hearing will be held if ten or more individuals submit timely written requests for a hearing, or if an agency with jurisdiction over the project submits a timely written request for a hearing that is supported by reasons why a hearing will be helpful.

**Memorandum of Understanding:**

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by the Federal Highway Administration and TxDOT.

**Project Limits To:** International Parkway

I certify that the following statements are true and apply to the project identified above.

- A. An opportunity has been afforded the public to request a hearing addressing the project location and design.
- B. Less than ten public hearing requests were received.
- C. No hearing request from an agency with jurisdiction supported with reasons why a hearing will be helpful were received.
- D. The economic and social effects of the project location and design and its impacts on the environment have been considered.
- E. In determining economic, social, and environmental effects, the statutory provisions of the Civil Rights Act of 1964 have been considered and complied with.
- F. The project consistency with the goals and objectives of urban planning, as dictated by the community, has been considered.
- G. Requirements of Texas Administrative Code, Title 43, Part 1, Chapter 2, Subchapter E, Section 2.106 have been met.

Select if assigned under NEPA Assignment MOU.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

DFW Airport, Texas 75261

Dear Jacqueline:

On behalf of Tarrant County, I enthusiastically lend my support for the construction of a new roadway, East-West Connector (Rental Car Drive), from State Highway (SH) 360 to International Parkway at DFW Airport.

The project will improve overall regional mobility for residents and businesses by filling in a critical east-west thoroughfare network gap between two major north-south highways, SH 183 and SH 114. Additionally, it will relieve existing and future congestion on connecting and parallel thoroughfares to support continued growth of DFW's logistics and cargo network.

This accessibility project will help alleviate bottleneck traffic from Euless, Colleyville, and other surrounding cities on SH 360 and offer a direct access point to the rental car center and DFW Airport from the interior neighborhoods of northeast Tarrant County. In addition, the proposed roadway will include a path to encourage pedestrian and cyclist recreation for DFW Airport employees, airport guests, and citizens.

Planning for future floodplain and emergency spillway needs, the included bridges will reinforce infrastructure and offer protection to the greenspace and bodies of water in the Bear Creek floodplain and Trigg Lake.

Again, I fully support the proposed East-West Connector (Rental Car Drive) project at DFW Airport. If you have any questions, please contact me at 817-248-6295.

Sincerely,

The Honorable Gary Fickes  
Commissioner, Tarrant County Precinct 3

Greetings Mrs. Carter,

I am writing to present a FOR comment for the East West Connector CSJ: 0902-48-712 & 0902-90-034

I am a City Councilman and member of the Regional Transportation Council (RTC) of the NCTCOG. I am FOR the East-West Connector to provide efficient and additional movement to the visitors of the DFW Airport Rental Car Center to reach State Highway 360.

This connector will provide a direct route of egress/ingress to the rental car center and provide greater access for employees and visitors to DFW Airport from the City of Euless and points to the west.

This connector will be a positive for our region and needed for enhanced mobility.

Thank You for your time.

Jeremy Tompkins
