

Historical Studies Project Coordination Request (PCR)

[Reset Form](#)

Main CSJ: 0008-03-094

District personnel should complete this form with all appropriate documentation attached. ENV-HIST staff review is contingent on provision of an active CSJ (or equivalent if the project is not a construction project) against which environmental work can be charged. District personnel shall ensure project description information in ECOS is complete and accurate prior to submitting the PCR to ENV-HIST. District-provided responses should reflect known data about the project and identify any limitations that hindered provision of the requested information. ENV-HIST staff will review the PCR form and attached information per established Documentation Standards. This review will result in:

- ENV-HIST environmental clearance of the project; OR
- ENV-HIST identification of additional technical studies required for clearance; OR
- ENV-HIST rejection of the PCR for failure to meet specific Documentation Standards and instructions on how to redress the rejection.

This form specifies minimally required information needed to properly facilitate ENV-HIST's review process. Please submit all relevant documentation with this PCR at one time.

NOTE: * If this project information changes over the course of design OR if the funding source changes, then HIST requires re-coordination and a revised PCR in ECOS.

 No If FHWA funded, does the project conform to the type listed in Appendix 4 and the Historic Resources Toolkit?
 OR
 Does this historic coordination apply to the Antiquities Code as referenced in the Historic Resources Toolkit?

Information Required to Process Projects with Potential to Affect Historic Properties

1. Targeted ENV clearance date: August 1, 2021
2. *Anticipated letting date: August 2024
3. "Historic-age" date (let date minus 45 years): 1979
4. Yes *The proposed action is subject to federal permitting (i.e. Corps of Engineers, Coast Guard, IBWC, etc.).

Describe:

The proposed project would require a U.S. Army Corps of Engineers Section 404 permit with Pre-Construction Notice.

5. Yes *The proposed action requires additional ROW (purchased or donated) or easements?

Parcel ID	Required New ROW (acres)	Required New Easements	
		Temporary	Permanent
See Appendix A	14.28	0	0
Total:	14.28	0	0

6. The following maps, tables or equivalents are uploaded to ECOS.

Yes/No/NA	Map Type	ECOS File Name:
<u>Yes</u>	Existing and proposed ROW boundaries.	HIST PCR Appendices 0008-03-094 06-01
<u>Yes</u>	Parcel boundaries for properties within the APE.	HIST PCR Appendices 0008-03-094 06-01
<u>Yes</u>	Results of the Texas Historic Sites Atlas search, identifying NHL, NRHP, SAL, and RTHL resources located within one-quarter mile of the project area listed in a table format and identified on color aerial map(s) or equivalent.	HIST PCR Appendices 0008-03-094 06-01
	Comments:	Refer to the Texas Historic Sites Atlas in Appendix B. No NHL, NRHP, SAL or RTHL resources are located within 0.25 mile of the project area.
<u>Yes</u>	Results of TxDOT eligibility and historic bridge layers search. (See Historic Resources Toolkit for links).	HIST PCR Appendices 0008-03-094 06-01
	Comments:	Refer to the Historic Districts & Properties Map and Historic Bridges of Texas Map in Appendix B. No historic districts, historic properties, or historic listed and eligible bridges are located within or adjacent to the project area.

7. Yes Representative and dated photographs of the project area are uploaded to ECOS.

Note: Photographs should include the following elements:

1. Buildings/structures adjacent to project, especially if TxDOT will acquire ROW or easements from parcel.
2. Road Features (culverts, bridges, landscaping, etc.)
3. Areas of proposed construction.

File Name in ECOS: HIST PCR Appendices 0008-03-094 06-01

8. Yes Preliminary plans are uploaded to ECOS.

File Name in ECOS: HIST PCR Appendices 0008-03-094 06-01

9. Yes Historic-age bridges are within the project area.

Location	NBI #	Year Built	Eligibility
FM 1187 over I-20, 1.8 MI west of I-30	021840000803280	1978	
I-30 westbound over Linkcrest Drive	022200106801139	1975	
I-30 eastbound over Linkcrest Drive	022200106801138	1975	

9.1 Yes Aerial map(s) or equivalent with bridge location(s) identified are uploaded to ECOS.

[Reset Form](#)

File Name in ECOS:

9.2 Yes CHC consultation required (contact HIST if needed).

9.3 Yes Copies of the CHC consultation letter(s) and results (as appropriate for the project and in consultation with HIST) are uploaded to ECOS.

File Name in ECOS:

10. No Rock masonry features (culverts, ditches, walls, etc.) are within the project area.

11. No Historic-age rest area(s) are located within the project area.

12. No The proposed action involves the relocation of historical markers.

13. Yes Additional consulting parties (other than the THC) may be involved in this project.

Consulting Party Name	Representing	Contact Information
Greg Boyd	Parker County Heritage Society	ngengler@outlook.com
Jim Hodgson	Tarrant County Historical Comr	tchc@tarrantcounty.com

Additional Project Comments:

The APE for historic properties is 150 feet beyond proposed ROW and easements. Within the APE, three historic-age bridges were identified which have not been previously evaluated or identified as historic. These bridges do not conform to the types listed in Appendix 4 and the TxDOT Historic Resources Toolkit. The eligibility of these bridges cannot be assessed without additional study; therefore, this field has been left blank for each bridge. See location of these bridges in Appendix C.

District Personnel Certification

Yes I reviewed all submitted documents for quality assessment and control.

District Personnel Name

Date: June 12, 2020

The following table shows the revision history for this document.

Revision History	
Effective Date Month, Year	Reason for and Description of Change
December 2013	Version 1 released.
June 2015	Version 2 released. The form was converted to a PDF format. Form level validations were installed to ensure that all certified forms contained the minimum required information. Various questions were modified to accommodate the improved functionality of the PDF format.
August 2015	Version 3 released. Revised the form to make it compatible with Adobe Acrobat Reader DC. No changes were made to the question sequence or form logic.
June 2019	Version 4 released. The form was updated to include a separate section for Appendix 4. Additional questions were added for form logic.
