**Notice
Virtual Public Meeting with In-Person Option**

**SH 360
From SH 121 to SH 183
CSJ: 2266-02-158
Tarrant County, Texas**

TxDOT is proposing to improve SH 360 from SH 121 to SH 183 in Tarrant County, Texas. This notice advises the public that TxDOT will be conducting an online virtual public meeting on the proposed project with an in-person option. **The virtual meeting will consist of a pre-recorded video presentation and will include both audio and visual components. The presentation will be posted online by Thursday, June 20, 2024 at 10 a.m., and will remain online until Monday, July 8, 2024.** To view the virtual public meeting, go to the following web address at the date and time indicated above: www.txdot.gov and enter keywords "SH 360 from SH 121 to SH 183". If you do not have internet access, you may call 817-370-6572 or email Nazrul.Chowdhury@txdot.gov between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process. Additionally, TxDOT is providing an in-person option for individuals who would like to participate in person instead of online. The in-person option will be held in an open house format. In-person attendees will be able to view the same presentation delivered in the online public meeting which will be playing on a screen, review hard copies of project materials, ask questions of TxDOT staff and/or consultants, and leave written comments. The in-person option will not include a live presentation. **The in-person option will be held on Thursday, June 20, 2024 from 5:30 to 7:30 p.m. at Bear Creek Golf Club – East Pavilion, 3500 Bear Creek Court, Dallas, Texas 75261.**

The existing SH 360 from SH 121 to SH 183 has two 12-foot general purpose lanes in each direction from SH 121 to Mid Cities Boulevard and three 12-foot general purpose lanes in each direction from Mid Cities Boulevard to SH 183. There is a continuous frontage road along this segment with access ramps to the mainlanes.

The preliminary design concepts and alternatives for the corridor are being evaluated to include additional capacity to SH 360 in the form of adding one general-purpose lane in each direction from SH 121 to Mid Cities Boulevard for a total of six lanes (three in each direction) for future traffic volumes. Existing ramp configurations and the operations of cross-street intersections will also be evaluated to enhance freeway operations and relieve congestion. The study approach includes evaluating opportunities for congestion management and the provision of multimodal accommodations, such as 6-foot sidewalks and 10-foot shared-use paths for bicycle and pedestrian traffic connecting the existing facilities that are in place.

Although additional right of way would be required, no residential or non-residential structures are anticipated to be displaced at this time. Information concerning services and benefits available to affected property owners and information about the tentative schedule for right-of-way acquisition and construction can be obtained from the TxDOT district office by calling 817-370-6572.

The proposed project would involve construction in wetlands. The proposed project would involve an action in a floodplain.

Any environmental documentation or studies, any maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection by appointment Monday through Friday between the hours of 8 a.m. and 5 p.m.

at the TxDOT Fort Worth District Office, 2501 SW Loop 820, Fort Worth, Texas 76133. Project materials are also available online at www.txdot.gov, keyword search "SH 360 from SH 121 to SH 183". These materials will also be available in hard copy form for review at the in-person option.

The virtual public meeting and in-person option will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting or in-person option, please contact Nazrul Chowdhury, P.E., at 817-370-6572 no later than 4 p.m. CT, Thursday, June 13, 2024. Please be aware that advance notice is required as some services and accommodations may require time for the Texas Department of Transportation to arrange.

La reunión pública virtual y la presencial se llevarán a cabo en inglés. Si usted necesita un intérprete o un traductor de documentos porque su idioma principal no es el inglés o tiene alguna dificultad para comunicarse eficazmente en inglés, se le proporcionará uno. Si usted tiene alguna discapacidad y necesita ayuda, se pueden hacer arreglos especiales para atender la mayoría de las necesidades. Si usted necesita servicios de interpretación o traducción o usted es una persona con alguna discapacidad que requiera una adaptación para asistir a y participar en la reunión pública virtual o en persona, por favor póngase en contacto con Nazrul Chowdhury, P.E., al número 817-370-6572 a más tardar a las 4 p.m. hora central, el jueves 13 de junio de 2024. Por favor sepa que es necesario dar aviso con anticipación, ya que algunos servicios y adaptaciones pueden requerir tiempo para que TxDOT los organice.

Written comments from the public regarding the proposed project are requested and may be submitted by mail to the TxDOT Fort Worth District Office, Attn: Nazrul Chowdhury, P.E., 2501 SW Loop 820, Fort Worth, Texas 76133. Written comments may also be submitted by email to Nazrul.Chowdhury@txdot.gov. All comments must be received on or before Monday, July 8, 2024 at 11:59 p.m. Responses to comments received will be available online at www.txdot.gov, keyword search "SH 360 from SH 121 to SH 183" once they have been prepared.

If you have any general questions regarding the proposed project or virtual meeting or in-person option, please contact Nazrul Chowdhury, P.E., at 817-370-6572 or Nazrul.Chowdhury@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.
