Virtual Public Meeting with In-Person Open House
BROOKSHIRE-PATTISON MOBILITY STUDY
Control Section Job (CSJ): 0912-00-673
WALLER COUNTY, Texas

The Texas Department of Transportation (TxDOT) Houston District is holding a public meeting to solicit input on a mobility study in the cities of Brookshire and Pattison, plus surrounding areas, in Waller County, Texas. The meeting will be held in an open house format where the public may come and go at their convenience and provide comments. An on-line virtual public meeting option will be available starting on Wednesday, Oct. 15, 2025, by noon.

In-person attendees will be able to view the same pre-recorded presentation as posted online, review hard copies of project materials, ask questions, and submit written comments in any language. The in-person open house will be held on Thursday, Oct. 16, 2025, from 6 to 8 p.m. at the Royal Early Childhood Center Gymnasium, 2300 Durkin Road, Pattison, Texas 77423. Members of the public are welcome to use the back parking lot of the Early Childhood Center, which provides direct access to the school's gymnasium—where the in-person open house will be held—and offers ample parking space.

The virtual public meeting option will consist of a pre-recorded video presentation and will include both audio and visual components. To view the virtual public meeting presentation and view project information, visit:
www.txdot.gov/projects/hearings-meetings.html.

Please note that the presentation will not be available on the website until the time and date listed above. If you do not have internet access, you may call 713-802-5199 between the hours of 7 a.m. to 4 p.m., Monday through Friday, to ask questions and access project materials during the project development process. Formal comments may be provided by mail or email as explained below.

The Mobility Study has identified short-, medium-, and long-term solutions that enhance safety, reduce congestion, and promote sustainability, all based on the input from the public, stakeholders, and technical data analyses. This second public meeting provides opportunities to learn about these proposed improvements, ask questions, and provide feedback.

Any documentation, maps, and drawings developed as part of this public meeting, along with other information associated with the overall mobility study, are on file and available for review by appointment Monday through Friday between the hours of 7 a.m. and 4 p.m., in agreement with TxDOT on their placement, and should also be accessible at the corresponding area office. Please contact Gabriel Adame, TxDOT Public Engagement Coordinator, at 713-802-5199 or Gabriel.Adame@txdot.gov. Project materials are also available online at www.txdot.gov/projects/hearings-meetings.html.

The public meeting will be conducted in English and Spanish. If you need an interpreter or document translator because English or Spanish is not your primary language or have difficulty communicating effectively in English or Spanish, one will be provided to you free-of-charge. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the public meeting, please contact Gabriel Adame, no later than 4 p.m., Friday, Oct. 10, 2025. Please be aware that advance notice is required as some services and accommodation may require time for the project team to arrange.

Written comments from the public regarding the proposed project are requested and may be submitted in any language by mail to the TxDOT Houston District Office, Advanced Project Development Director, P.O. Box 1386, Houston, Texas 77251-1386. Written comments may also be submitted by email to HOUPLAN@txdot.gov using subject title 0912-00-673.

All comments must be received or postmarked by Friday, Oct. 31, 2025. Responses to comments received will be available online at the web address listed above once completed.

If you have any general questions or concerns regarding the proposed project or the public meeting, please contact Catherine McCreight at 713-802-5812 or HOUPLAN@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated July 17, 2025, and executed by FHWA and TxDOT.

English: Please call 713-802-5199 to request special accommodations or if you have need for interpretation/translation.

Español: Llame al 713-802-5199 para solicitar adaptaciones especiales o si necesita interpretación /traducción.
