

Notice
Virtual Public Meeting with In-Person Open House
SH 99 Improvements
From I-10 West to US 290
Control Section Job (CSJs): 3510-05-047 & 3510-05-048
Harris County, Texas

The Texas Department of Transportation (TxDOT), Houston District, is proposing improvements along State Highway (SH) 99, also known as the Grand Parkway, from Interstate (I) 10 West to US 290 in Harris County, Texas. This notice advises the public that the project team will be conducting an on-line virtual public meeting on the proposed project with an in-person open house. **The virtual public meeting will be available starting on Tuesday, Aug. 5, 2025 by 5 p.m.** The virtual public meeting will consist of a pre-recorded video presentation and will include both audio and visual components. To view the virtual public meeting presentation and view project information, visit: www.txdot.gov/projects/hearings-meetings.html.

Please note that the presentation will not be available on the website until the time and date listed above. If you do not have internet access, you may call 713-802-5199 between the hours of 7 a.m. to 4 p.m., Monday through Friday, to ask questions and access project materials throughout the project development process. Formal comments may be provided by mail or email as explained below.

Additionally, TxDOT is providing an in-person open house option for individuals who would like to participate in person. In-person attendees will be able to view the same pre-recorded presentation as posted online, review hard copies of project materials, ask questions and submit written comments in any language. **The in-person open house will be held on Thursday, Aug. 7, 2025 from 5 to 7 p.m. at the Steve Radack Community Center located at 18650 Clay Rd, Houston, TX 77084.**

The proposed project would consist of widening SH 99 from I-10 West to US 290, a distance of approximately 15 miles. Proposed improvements include the addition of two main lanes (one in each direction) within the existing median between the two northbound and two southbound main lanes, for a total of three main lanes in each direction, and necessary drainage improvements. The proposed project would involve an action in a floodplain. The existing roadway is a tolled facility and would continue to be tolled in the proposed design. The purpose of the proposed project is to manage congestion due to increased traffic based on an agreement between the State and the seven counties through which SH 99 passes. The entire project would be constructed within existing TxDOT right of way (ROW) and would not result in any residential or non-residential displacements.

Any environmental documentation or studies, maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for review by appointment Monday through Friday between the hours of 7 a.m. to 4 p.m. at the TxDOT West Harris Area Office located at 14838 Northwest Freeway, Houston, TX 77040. Please contact Gabriel Adame, TxDOT Public Engagement Coordinator, at 713-802-5199 or Gabriel.Adame@txdot.gov. Project materials are also available online at www.txdot.gov/projects/hearings-meetings.html.

The public meeting will be conducted in English and Spanish. If you need an interpreter or document translator because English or Spanish is not your primary language or have difficulty communicating effectively in English or Spanish, one will be provided to you free-of-charge. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the public meeting, please contact Gabriel Adame no later than 4 p.m., Thursday, July 31, 2025. Please be aware that advance notice is required as some services and accommodations may require time for the project team to arrange.

Written comments from the public regarding the proposed project are requested and may be submitted in any language by mail to the TxDOT Houston District Office, Advanced Project

Development Director, P.O. Box 1386, Houston, Texas 77251-1386. Written comments may also be submitted by email to HOU-PIOwebmail@txdot.gov. All comments must be received or postmarked by Friday, Aug. 22, 2025. Responses to comments received will be available online at the web address listed above once completed.

If you have any general questions or concerns regarding the proposed project or the public meeting, please contact Gabriel Adame at 713-802-5199 or Gabriel.Adame@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.
