

Notice of Virtual Public Meeting
114TH Street
From Quaker Avenue to Indiana Avenue
CSJ: 0905-06-118
Lubbock County, Texas

The city of Lubbock in partnership with the Texas Department of Transportation (TxDOT) are proposing to widen 114th Street from Quaker Avenue to Indiana Avenue in Lubbock County, Texas. This notice advises the public that the city of Lubbock will be conducting a virtual public meeting on the proposed project. The meeting will be held on:

Thursday, June 3, 2021
at 6 p.m.

The virtual public meeting will be posted on two websites: the city of Lubbock website and the TxDOT website. To log onto the virtual public meeting on the city of Lubbock website, go to www.mylubbock.us and search the keywords "114th Street" at the date and time indicated above. To log onto the virtual public meeting on the TxDOT website, go to www.txdot.gov and search the keywords "114th Street" at the date and time listed above. The materials and presentation will be the same on both websites. Project staff will give a presentation regarding the project. The presentation will include both audio and visual components. If you do not have internet access, you may call (806) 686-2700 to ask questions about the project and access project materials at any time during the project development process. All comments submitted on or before Friday, June 18, 2021 will be included as part of the official record and considered by TxDOT and the city of Lubbock.

The proposed improvements would take place along the existing 114th Street within existing right of way. Improvements would consist of a five-lane roadway consisting of two 11-foot-wide inside lanes, two 12-foot-wide outside lanes, and a 14-foot-wide center left-turn lane. Right-turn lanes and left-turn lanes would be constructed at intersections with major cross streets. Drainage would be accomplished via curb and gutters. The proposed typical right of way would be 110-feet-wide.

Although additional right of way would be required, no residential or non-residential structures are anticipated to be displaced at this time. Information concerning services and benefits available to affected property owners and information about the tentative schedule for right-of-way acquisition and construction can be obtained from the city of Lubbock consultant by calling (806) 686-2700.

Any environmental documentation or studies, maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project will also be available online at the above web addresses.

The 114th Street Virtual Public Meeting will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the public meeting, please contact Dianah Ascencio, at (806) 748-4472 no later than 4 p.m. CT, Friday, May 28, 2021. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

All comments must be received on or before Friday, June 18, 2021. Written comments from the public regarding the proposed project are requested and may be submitted by mail to: Freese & Nichols, Attention: Kevin Morris, 1500 Broadway St., Suite 1150, Lubbock, Texas 79401. Written comments may also be submitted by email to kevin.morris@freese.com. Responses to comments received will be available on the city of Lubbock website and the TxDOT website once they are prepared.

If you have any general questions or concerns regarding the proposed project or the virtual meeting, please contact Kevin Morris at (806) 686-2704 or Chris Bosco at (817) 735-7359.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.
