OVERVIEW OF PROJECT

Limits: From Stallings Drive/Loop 224 to 1.3 miles north of US 259 in Nacogdoches

CSJs (Project Numbers): 2560-01-085, 0175-07-059, 0175-07-060, 0138-06-046

Proposed Project: The US 59/US 259 North Nacogdoches (Future I-69) project is dedicated to improving safety and mobility, due to increasing traffic, congestion, and a high number of traffic crashes. This project is anticipated to bring US 59 and the US 59/US 259 interchange up to current interstate standards by making it a controlled access roadway and reconfiguring the interchange. The proposed project would extend for a total of 3.7 miles along US 59 from Stallings Drive/Loop 224 to 1.3 miles north of US 259 in Nacogdoches, and would include the construction of concrete barrier-divided mainlanes along US 59 that consist of four 12-foot-wide travel lanes, two in each direction, 10-foot-wide inside shoulders, and 12-foot-wide outside shoulders. Northbound and southbound US 59 frontage road construction would include two 12-foot-wide travel lanes with a four-foot inside shoulder and a 10-foot outside shoulder. A 10-foot shared-use path would also be constructed along proposed US 59 frontage roads and six-foot sidewalks would be constructed along US 259. The project would include reconfiguring the US 59/US 259 interchange to provide new flyover bridges for northbound US 59 and southbound US 259 and a location for truck parking between Stallings Drive/LP 224 and FM 343.

For additional information, please call **Jennifer Adams**, Advance Transportation Planning Director, (936) 633-4383.

The virtual public meeting and in-person option will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting or in-person option, please contact Rhonda Oaks, TxDOT Lufkin District, at (936) 633-4395 no later than 4 p.m. CT, Friday, July 28, 2023. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

Public comments on the project may be submitted by email, mail, voicemail, or online:
