

**NOTICE AND OPPORTUNITY TO COMMENT
INTERSTATE-20**

**From East of John Ben Shepperd Parkway to East of State Highway 349
Ector County and Midland County, Texas
CSJs: 0005-13-064, 0005-14-093,
0005-14-094, 0005-14-092, 0005-14-100**

The Texas Department of Transportation (TxDOT) is proposing to reconstruct and widen Interstate (I)-20 from east of John Ben Shepperd Parkway, in Ector County, to east of State Highway (SH) 349, in Midland County. This notice is affording an opportunity to comment as part of the environmental review process for this project. If you are a property owner, you are receiving this notice because records indicate that you own property that (1) would be acquired (in part or in whole) for this project, or (2) is adjacent to the project.

Improvements would include adding main lanes, constructing new interchanges, reconfiguring existing interchanges and ramps, intersection improvements, and converting frontage roads from two-way operation to one-way operation. The proposed project would require approximately 16.8 acres of new right of way (ROW). The total length of the proposed project is approximately 16.4 miles.

Although additional ROW would be required, no residential or non-residential structures are anticipated to be displaced at this time. Information concerning services and benefits available to affected property owners and information about the tentative schedule for ROW acquisition and construction can be obtained from the TxDOT Odessa District office by calling (432) 498-4645.

Any maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are available online at www.TxDOT.gov using keyword search "I 20 JBS to SH 349." If you do not have internet access, you may call (432) 498-4645 to ask questions about the project and access project materials at any time during the project development process.

The project materials are written in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to review the project materials or submit information, please call Diann Hodges, TxDOT Public Information Officer, (512) 832-7027 no later than 4:00 p.m. central time, at least three business days before the date on which you would like to review the project materials or submit information. Please be aware that advance notice is required as some services and accommodations may require time for TxDOT to arrange.

Written comments may be submitted by mail to Gabriel Ramirez, P.E., Advanced Planning Engineer, TxDOT Odessa District Office, 3901 East Highway 80, Odessa, TX 79761 or by email to Gabriel.Ramirez@txdot.gov. All comments must be received on or before November 22, 2022. If you have any general questions or concerns regarding the proposed project, please contact Gabriel Ramirez, P.E., Advanced Planning Engineer at (432) 498-4645 or Gabriel.Ramirez@txdot.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.
