Provide infrastructure that increases safety and improves mobility.

2x
traffic volumes
doubled
2016 - 2020

36%
total traffic
consisted of
trucks
2020

2x
crashes doubled
in number from
2016 - 2020

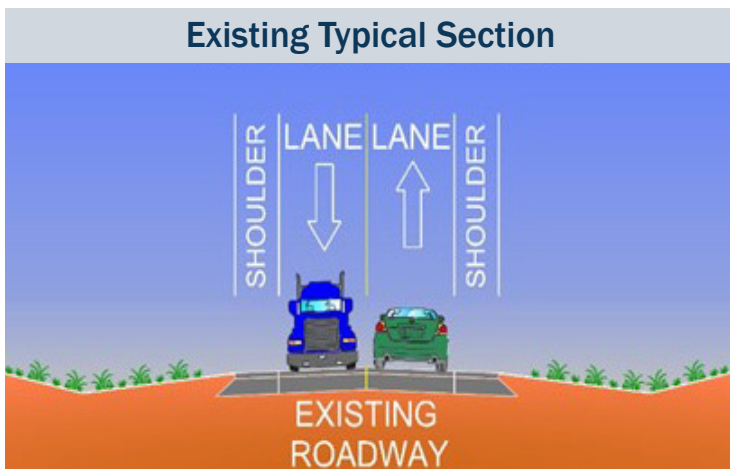

186
crashes
2016 - 2020

18
fatalities
occurred from
2016 - 2020

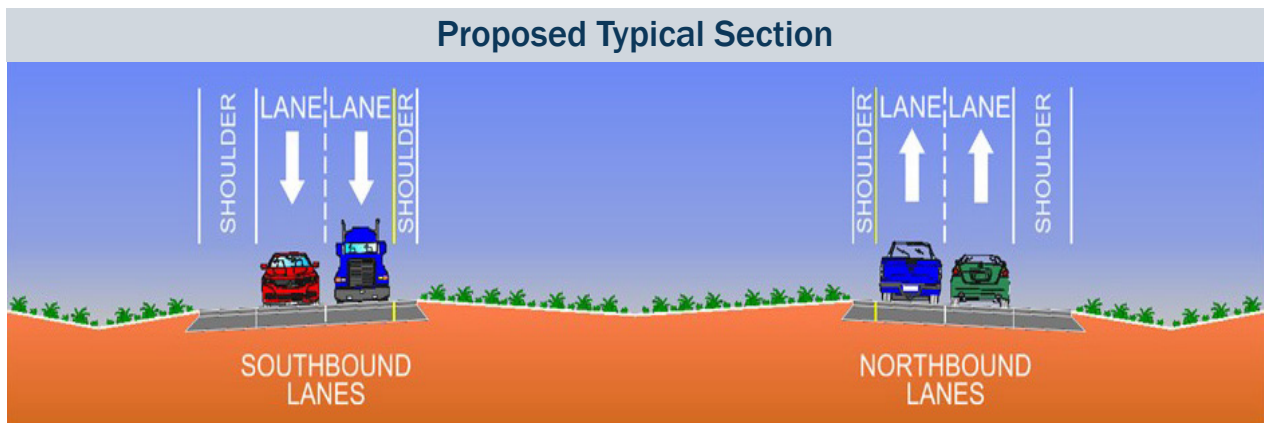

Note: above statistics for rural sections of the project only

Project Description: The Texas Department of Transportation is proposing to increase safety and improve mobility on an approximately 47-mile-long segment of SH 115. Proposed improvements include widening to a four-lane divided highway with two lanes in each direction and a center median.

Project Schedule (subject to change)

Proposed Improvements
Widening to a four-lane divided highway with two lanes in each direction and a center median
