# SH 176 EAST

## FM 1788 to I-20

TxDOT is proposing to widen SH 176 to enhance safety and provide the infrastructure to support the growing transportation demand and economic opportunity in the Permian Basin.

Proposed improvements include widening the roadway from two to four lanes separated by a median. Planning began in early 2021 and will continue through 2024. Project updates and opportunities to provide input are available on the project web page.
