TxDOT cordially invites you to attend a virtual public meeting regarding the proposed SH 176 West Project.

The goal of this project is to improve safety and mobility along the SH 176 corridor. The project would include widening the existing SH 176 in Andrews County to a four-lane divided highway from the New Mexico state line to FM 1788, a length of approximately 40 miles. No widening or other improvements are anticipated within the city of Andrews.

TxDOT will host a virtual public meeting starting at 5 p.m. on Wednesday, Oct. 20, 2021 and will be available through Friday, Nov. 5, 2021. To log into the virtual public meeting, visit TxDOT.gov and keyword search "SH 176 West" for instructions. The login process will record your name and email address for the official record. Members of the public who do not have internet access can call (432) 200-8502 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process.

Your Input is Requested

The virtual public meeting will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting, please contact the project team at (432) 200-8502 no later than 4 p.m. CT, Thursday, Oct. 14, 2021. Please be aware that advance notice is required as some services and accommodations may require time for the Texas Department of Transportation to arrange.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated Dec. 9, 2019, and executed by FHWA and TxDOT.
