

FM 3362/FM 2061 (Jackson Rd.) Widening

from SH 495 to Hall Acres Rd.

PHARR DISTRICT
CSJs: 3468-01-021, 1939-02-036

Project Description

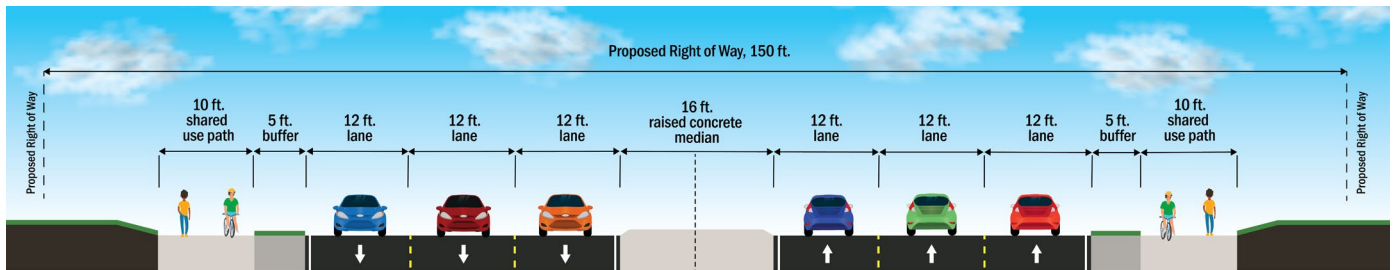

This segment of FM 3362 and FM 2061, also known as Jackson Road serves as an important route for both commercial and residential traffic for the cities of Pharr and McAllen as well as the broader region. Traffic volumes have increased in the area as the community has grown resulting in travel delays and greater risk for crashes and other safety concerns. The Texas Department of Transportation (TxDOT) is proposing to widen FM 3362 & FM 2061 from SH 495 to Hall Acres Rd. to improve traffic flow and enhance safety. The project will also include construction of a median to improve traffic flow and provide for safer turns.

Purpose of the Project

- Widen the roadway to 3 lanes in each direction
- Construct a raised median
- Construct dedicated left-turn lanes
- Construct pedestrian and bicycle paths
- Construct right-turn lanes at intersections
- Reconfigure driveways

Proposed Roadway Configuration

Estimated Project Schedule

Public Meeting
Spring 2024
