The Texas Department of Transportation (TxDOT) will host two open houses for the proposed expansion of Loop 1604 from State Highway (SH) 16 west to Interstate Highway (I) 35 in Bexar County, Texas. The purpose of the project is to accommodate current and future traffic volumes on Loop 1604 from SH 16 to I-35.

TxDOT proposes to expand Loop 1604 from a four-lane expressway to ten-lane expressway by adding two general purpose lanes and one high-occupancy vehicle (HOV) lane in each direction. The layout of auxiliary lanes, and entrance and exit ramps would be reconfigured. The interchange at I-10 would be modernized by removing the cloverleaf connectors, adding direct connectors, and replacing the signalized frontage road intersections with a continuous flow configuration. The project would also include accommodations for bicyclists and pedestrians, water quality protection, and other highway features. All improvements would be located within the existing right of way and easements. The project would not include any toll components.

The Loop 1604 Open Houses will be held September 24 and 25, 2019 at the following locations:

Tuesday, Sept 24, 2019

**Redland Oaks Community Church
16875 Jones Maltsberger Rd
San Antonio, TX 78247**

Wednesday, Sept 25, 2019

**Brandeis High School
Cafeteria
13011 Kyle Seale Pkwy
San Antonio, TX 78249**

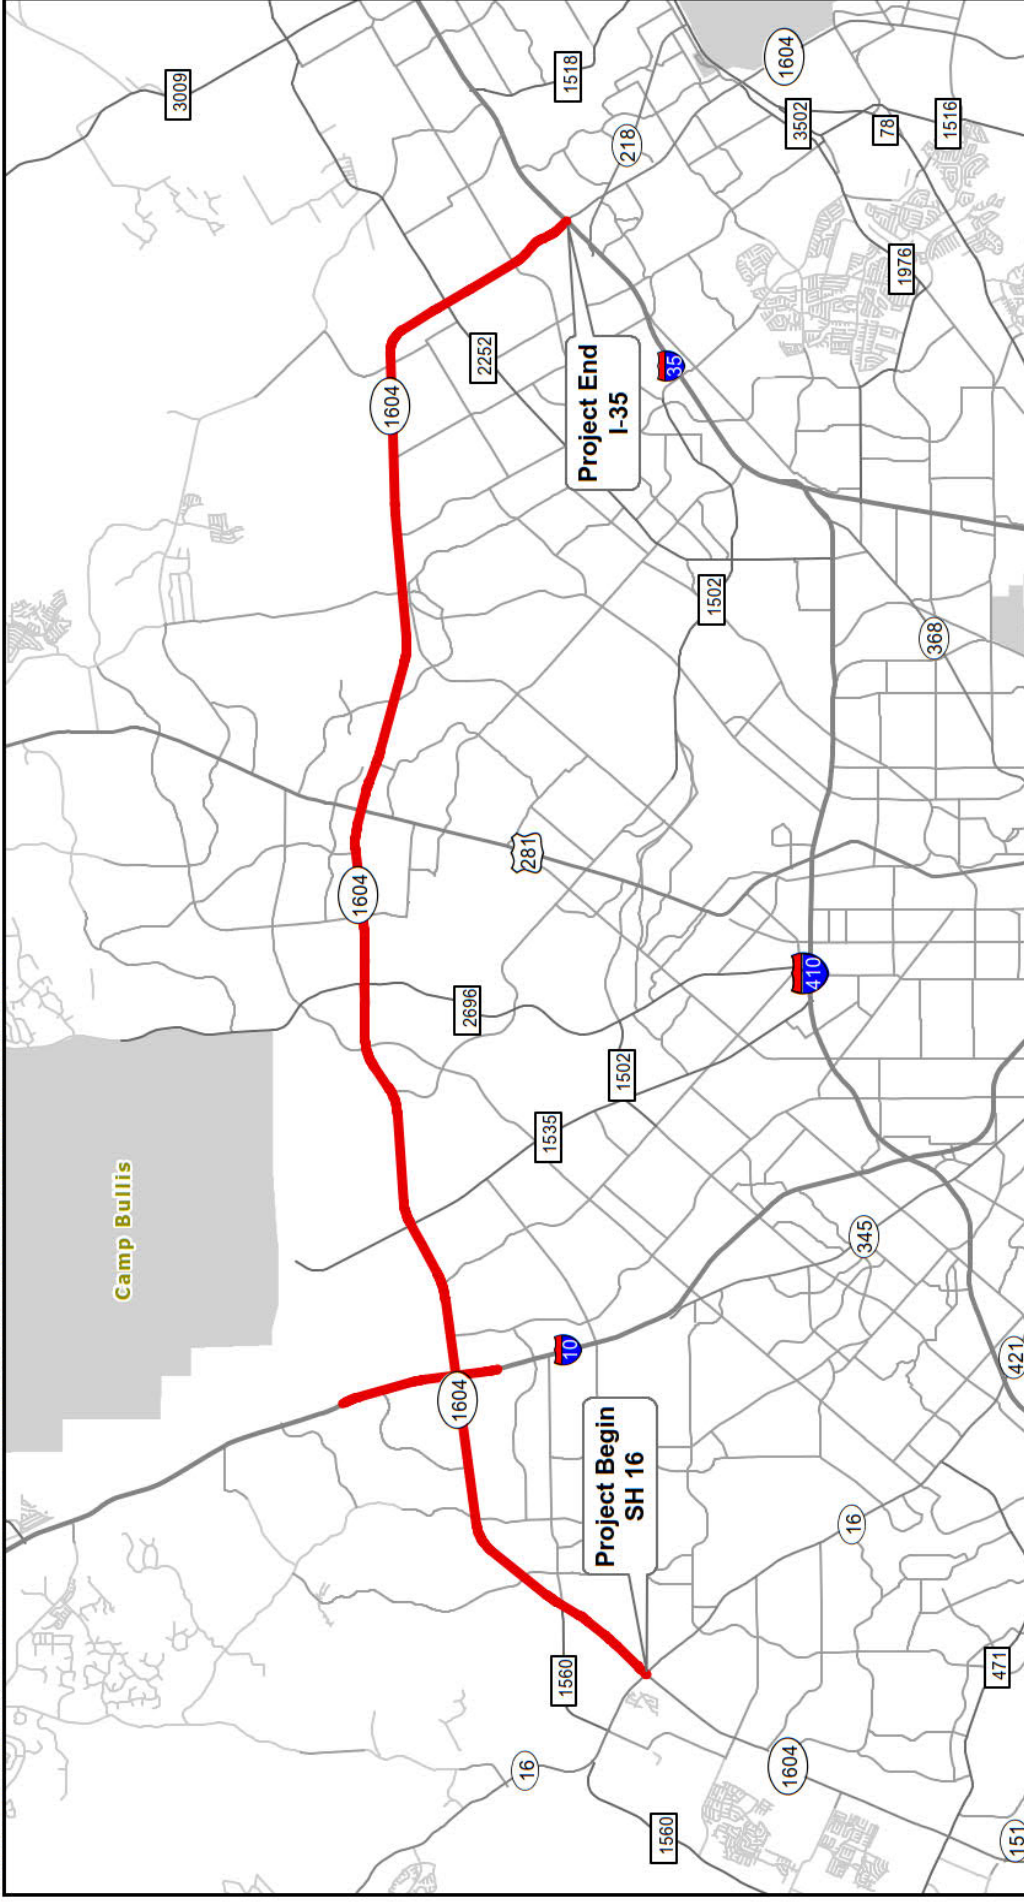

The open houses will be conducted from 5:00 pm to 7:00 pm. Preliminary project exhibits along with a 3D visualization will be available for public viewing. As the meeting is in an open house format, no formal presentation will be given. Attendees are encouraged to attend either of the two open houses and can come and go at their own convenience. TxDOT staff will be available to answer questions and will accept public comments regarding the proposed project improvements. The same information will be presented at each open house location.

All comments must be received or postmarked by Thursday, October 10, 2019 for inclusion in the open house record using one of the following methods:
