

SL 368 (Broadway) Roy Smith to Austin Highway

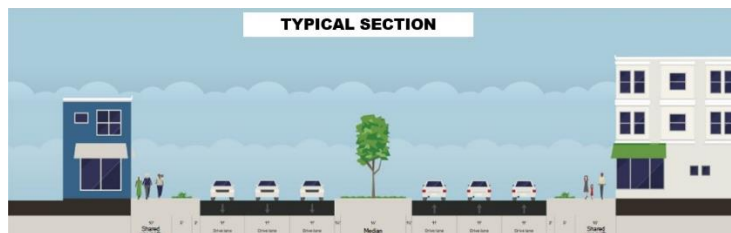

SAN ANTONIO DISTRICT

Project Overview

TxDOT is moving forward with a transportation improvement project that will enhance mobility along the SL 368 (Broadway) corridor from Roy Smith to Austin Highway in the cities of San Antonio and Alamo Heights.

The SL 368 project will meet the immediate needs of the corridor with safety, maintenance and operational enhancements that aim to benefit the traveling public.

Over the past several months, TxDOT has coordinated with both cities to develop a comprehensive plan and identify potential project improvements. Current project details for each segment are highlighted in the table below.

	Segment 1 Roy Smith to Burr Road (City of San Antonio)	Segment 2 Burr Road to Austin Highway (City of Alamo Heights)
