

Notice
Virtual Public Meeting with In-Person Open House
Zarzamora Street
from US 90 to Jennings Avenue
CSJ 0915-12-617
Bexar County, Texas

The City of San Antonio, in cooperation with the Texas Department of Transportation, is proposing to construct a grade separation at the South Zarzamora Street and Union Pacific Railroad (UPRR)/Frio City Road intersection in Bexar County, Texas. This notice advises the public that the City of San Antonio will be conducting an online virtual public meeting on the proposed project with an in-person open house. **The virtual meeting will consist of a pre-recorded video presentation and will include both audio and visual components. The presentation will be posted online by Thursday, July 7, 2022 at 5 p.m.** To log onto the virtual public meeting, scan the QR code or go to the following web address at the date and time indicated above: www.southzarzamora.com. Following the virtual public meeting, the presentation will remain available for viewing at the web address indicated above until at least Friday, July 22, 2022 at 11:59 p.m. If you do not have internet access, you may call Sean Beauvais at (210) 207-5836 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process.

Additionally, the City of San Antonio is providing an in-person open house for individuals who would like to participate in person instead of online. In-person attendees will be able to view the same presentation delivered in the online public meeting which will be playing on a screen, review hard copies of project materials, ask questions of City staff and/or consultants, and leave written comments. **The in-person open house will be held on Thursday, July 7, 2022 from 5 p.m. to 7 p.m. at Nuestra Señora de Guadalupe, 1321 El Paso St., San Antonio, Texas, 78207.**

The proposed project is needed due to inadequate operational efficiency and reduced safety resulting from the existing configuration of the five-legged, signalized South Zarzamora Street/Frio City Road/Kirk Place intersection, coupled with its proximity to the at-grade South Zarzamora Street/UPRR intersection, resulting in reduced mobility and safety for vehicular traffic and bicyclists and pedestrians. The federal National Environmental Policy Act (NEPA) process requires that the City of San Antonio evaluate various alternatives to improve mobility and safety on South Zarzamora Street. The purpose of the virtual public meeting with in-person open house is to gather public input on the alternatives considered.

The proposed project would, subject to the identification of the preferred alternative, require additional right of way and potentially displace residences and non-residential structures. Relocation assistance is available for displaced persons and businesses. Information about the City's Relocation Assistance Program, the Uniform Relocation Act and Real Property Acquisitions Policies Act of 1970, and services and benefits for those displaced and other affected property owners can be obtained from the City of San Antonio's Public Works Department by calling Adrian Ramirez at (210) 207-2099.

Any maps and drawings showing the project location and design, and other information regarding the proposed project are available online at www.southzarzamora.com. These materials will also be available in hard copy form for review at the in-person open house.

The virtual public meeting and in-person open house will be conducted in English. A Spanish presentation and script will also be available online as part of the virtual public meeting, as well as available in hard copy form for review at the in-person open house. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating

effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services, or you are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting or in-person open house, please contact Sean Beauvais at (210) 207-5836 no later than 4 p.m. CT on Tuesday, July 5, 2022. Please be aware that advance notice is required as some services and accommodations may require time for the City to arrange.

Written comments from the public regarding the proposed project are requested and may be submitted by mail to the City of San Antonio, Sean Beauvais, Capital Projects Officer at P.O. Box 839966, San Antonio, Texas, 78283-3966. Written comments may also be submitted by email to sean.beauvais@sanantonio.gov. **All written comments must be received on or before Friday, July 22, 2022.** Responses to comments received will be available online at www.southzarzamora.com once they have been prepared.

If you have any general questions or concerns regarding the proposed project, virtual meeting, or in-person open house, please contact Sean Beauvais, Capital Projects Officer at (210) 207-5836 or sean.beauvais@sanantonio.gov.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.
