

## **FM2288 Corridor**

### **Notice of a Virtual Public Meeting with In-Person Option**

---

**Notice**  
**Virtual Public Meeting with In-Person Option**  
**FM 2288**  
**From US 87 to US 67**  
**CSJs: 2141-02-016**  
**Tom Green County, Texas**

The TxDOT – San Angelo District is proposing to widen FM 2288 from US 87 to US 67 in Tom Green County, Texas. This notice advises the public that TxDOT will be conducting an online virtual public meeting on the proposed project with an in-person option. **The virtual meeting will consist of a pre-recorded video presentation and will include both audio and visual components. The presentation will be posted online by Thursday Nov. 2, 2023, at 6:00 p.m. CT.** To log into the virtual public meeting, go to [www.txdot.gov](http://www.txdot.gov), and in the keyword search enter “FM 2288.” Following the virtual public meeting, the presentation will remain available for viewing at the web address indicated above until at least Friday Nov. 17, 2023, at 11:59 p.m. CT. If you do not have internet access, you may call (325) 947-9234 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process.

Additionally, TxDOT is providing an in-person option for individuals who would like to participate in person instead of online. In-person attendees will be able to view the same presentation delivered in the online public meeting, review hard copies of project materials, ask questions of TxDOT staff and/or consultants, and leave written comments. **The in-person option will be held on Thursday, Nov. 2, 2023, from 6:00 p.m. to 8:00 p.m. at the Grape Creek ISD Main Office located at 8207 N US Hwy 87, San Angelo, TX 76901.**

TxDOT is considering improvements to FM 2288 from US 87 to US 67 in the city of San Angelo to improve safety and mobility for all modes of traffic – vehicular, pedestrian and bicycle – along the 11.4-mile corridor. Proposed improvements include the full roadway reconstruction and widening from US 67 to north of Arden Road. This would allow for two through lanes for each direction, a two-way, left-turn lane or exclusive left turn lanes and right turn lanes where warranted. Proposed improvements also include adding 8'-wide shoulders on both sides of the roadway and a continuous shared use path along the east side of the corridor. Additionally, drainage improvements, the addition of a curb and gutter section for the Grape Creek area between US 87 and Old Sterling City Hwy #1, and a new bridge structure at the North Concho River are also proposed. The project is currently under schematic and environmental review with anticipated environmental clearance in February 2025.

Although additional right of way would be required, no residential or non-residential structures are anticipated to be displaced at this time. Existing and proposed right of way information is currently being determined for this project. Information concerning services and benefits available to affected property owners and information about the tentative schedule for right-of-way acquisition and construction can be obtained from the TxDOT district office by calling (325) 947-9234.

The proposed project would involve an action in a floodplain.

Any environmental documentation or studies, any maps and drawings showing the project location and design, tentative construction schedules, and other information regarding the proposed project are on file and available for inspection Monday through Friday between the hours of 8 a.m. and 5 p.m. at TxDOT

## **FM 2288: Notice of a Virtual Public Meeting with In-Person Option**

San Angelo District office, located at 4502 Knickerbocker Rd, San Angelo, TX 76904 or by calling (325) 947-9234. Project materials are also available online at [www.txdot.gov](http://www.txdot.gov), with keyword search "FM 2288". These materials will also be available in hard copy form for review at the in-person option.

The virtual public meeting and in-person option will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting or in-person option, please contact Pamela Stark, TxDOT Public Information Officer, at (325) 947-9323 no later than 4 p.m. CT, Monday, Oct. 30, 2023. Please be aware that advance notice is required as some services and accommodations may require time for the Texas Department of Transportation to arrange.

Written comments from the public regarding the proposed project are requested and may be submitted by mail to WSP USA, Attn: FM 2288, 9311 San Pedro Ave., Suite 700, San Antonio, TX 78216. Written comments may also be submitted by email to [FM2288@wsp.com](mailto:FM2288@wsp.com). All comments must be received on or before Friday, Nov. 17, 2023. Responses to comments received will be available online at [txdot.gov](http://txdot.gov) and search keyword "FM 2288" once they have been prepared.

If you have any general questions or concerns regarding the proposed project or virtual meeting or in-person option, please contact Russell Pehl, P.E., C.F.M, Transportation Planning and Development, TxDOT San Angelo District, by email at [Russell.Pehl@txdot.gov](mailto:Russell.Pehl@txdot.gov) or by phone (325) 947-9234.

*The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.*
