

US 83 from Concho County line to US 190 North of Menard

CSJ: 0035-05-059

YOU'RE INVITED! Public Meeting:

Thursday, Dec. 7, 2023, 5:00 – 7:00 p.m.

Menard High School Community Center
303 Travis Street, Menard, Texas 76859

Project Overview

The proposed project would extend for approximately 10.6 miles along US 83, which currently consists of a rural two-lane undivided highway with alternating Super-2 passing lanes within a 120-foot-wide right of way. The proposed project would evaluate alignment alternatives to widen US 83 within a 370-foot-wide right of way.

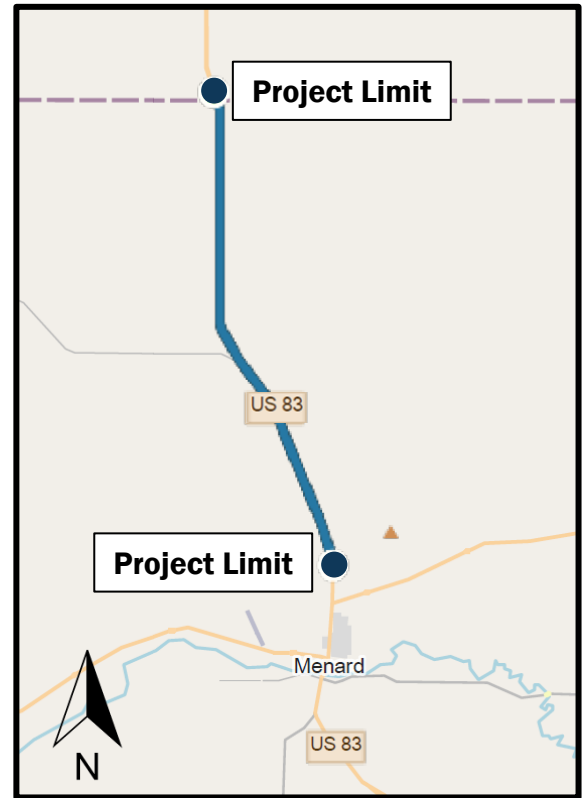

The proposed project would be constructed in two phases;

- Phase I (interim design) would primarily widen US 83 to a four-lane divided highway;
- Phase II (ultimate design) would widen US 83 to a controlled-access interstate system by constructing frontage roads on either side of the interim design mainlanes.

Project Goals and Objectives

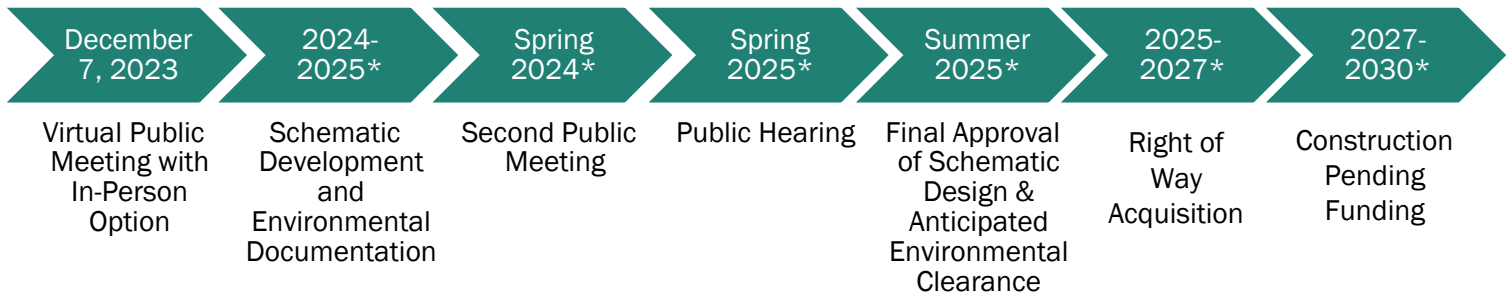

- Reduce congestion
- Improve mobility
- Improve Safety
