COMPLETED I-20 STUDIES

I-20 East Texas Corridor Study (2015)

I-635 in Dallas to the Texas/Louisiana State Line

This 2015 study analyzed 155 miles of I-20 between the interchange with I-635 in Dallas to the Texas-Louisiana State line, including the TxDOT Dallas, Tyler, and Atlanta Districts. Improvements identified along the corridor were related to safety needs, capacity needs, and maintenance.

Status of study recommendations

- 36 in Planning and Feasibility
- 48 in Preliminary Engineering/PS&E
- 1 Ready to Let/Under Construction
- 7 Completed

Vision 20/20 Corridor Study of I-20 (2016)

I-20 in Abilene

This 2016 study of I-20 in the TxDOT Abilene District identified safety, freight, traffic, and maintenance improvements.

Status of study recommendations

- 6 in Planning and Feasibility
- 3 in Preliminary Engineering/PS&E
- 6 Ready to Let/Under Construction

FACT SHEET

ACTIVE PROJECTS ON I-20 (JULY 2021)

142 mi.

Added Capacity

Including widening to six lanes in urban areas

12

Interchanges

Improvements and reconstructions

95 mi.

Ramps/Frontage Road

Widenings, two-way conversion, additions

35

Bridges

Rehab or Construction

173 mi.

Median Barriers

6

Signals/ITS Projects

Data collection and management

185

Rehab/Maintenance Projects

I-20 TEXAS CORRIDOR STUDY

From I-10 to the Texas/Louisiana State Line

PREVIOUS PLANS AND STUDIES

I-20 RANGER HILL

Brownwood District
Under Construction

- Realign I-20 to straighten curve and reduce steep grade
- Construct two-way frontage road
- Add climbing lane

I-20 MARKUM RANCH ROAD

Fort Worth District
Planning and preliminary engineering phase

- Frontage road and interchange construction
- Operational improvements to interchanges
- Bicycle and pedestrian improvements

SOUTHEAST CONNECTOR

Fort Worth District
Planning and preliminary engineering phase

- Improve I-20, I-820, and US 287
- Reconstruct interchange and add capacity
- Operational improvements, frontage road construction, bicycle and pedestrian accommodations

US 84 ROSCOE INTERCHANGE

Abilene District
Environmental Assessment cleared

- Reconstruct interchange at US 84

I-20 FRONTAGE ROAD FEASIBILITY STUDY

Dallas District
Planning and preliminary engineering phase

- Frontage road continuity
- Operational improvements to interchanges

I-20 ODESSA-MIDLAND CORRIDOR STUDY

Odessa District
Under construction or fully/partially funded in the 2021 UTP

- I-20 from west of FM 1936 to east of FM 1208
- Includes widening to 6 lanes, ramp and interchange improvements conversion to one-way frontage roads, and vertical clearance improvements

WIDENING AND SH 31 INTERCHANGE

Tyler and Atlanta Districts
Preliminary Engineering Phase

- Widen I-20 to 6 lanes and improve ramps and frontage roads through Smith and Gregg counties to SL 281 E near city of Longview
- Upgrades at SH 31 to 4-level interchange with direct connectors and increase vertical clearance
