Texas SMTP 2050 Timeline

2023

- Project Kickoff Fall Outreach
- Public Survey

2024

- Working Group Meetings
- Spring Outreach and Public Awareness Campaign
- Fall Outreach and Public Awareness Campaign
- Draft Plan Development

2025

- Develop Implementation Plan

Vision for Transit in Texas

A safe, universally accessible, and integrated network of transit mobility options that connects people seamlessly, both locally and across the state, supporting an improved quality of life and a resilient and vibrant economy by 2050 and beyond.

Texas Statewide Multimodal Transit Plan

Texans depend on transit to take them farther. In 2022 alone, Texas traveled more than 4 million miles each day using public transit. As our state's population and economy continue to grow and in response to a high level of interest from the public, TxDOT is working on *Texas SMTP 2050* to make sure transit continues to help Texans thrive – now, and in the future.

Growing with Texas

As economic and population growth continue to thrive, people and businesses will need multiple transportation options.

Giving Texans options

TxDOT has heard Texans want options when it comes to getting around our state.

Connecting Texans

In our outreach work, we've heard that Texans want to be more connected to other towns and cities in the state.

Alignment and Collaboration

By aligning with *Connecting Texas 2050*, the Statewide Active Transportation Plan, and the Rail Plan, *Texas SMTP 2050* will work to ensure that transit is integrated with Texas' transportation network and provides choices for both individuals and businesses.

Public & Stakeholder Engagement

To understand Texans' needs around transportation, TxDOT is working to hear from people who use transit, people who don't use transit, business leaders, and transit workers and operators. This fall, TxDOT is visiting community events around the state during the month of October to engage the public about the future of transportation in Texas.

Fall outreach will include nearly 30 pop-up events in all 25 TxDOT districts
