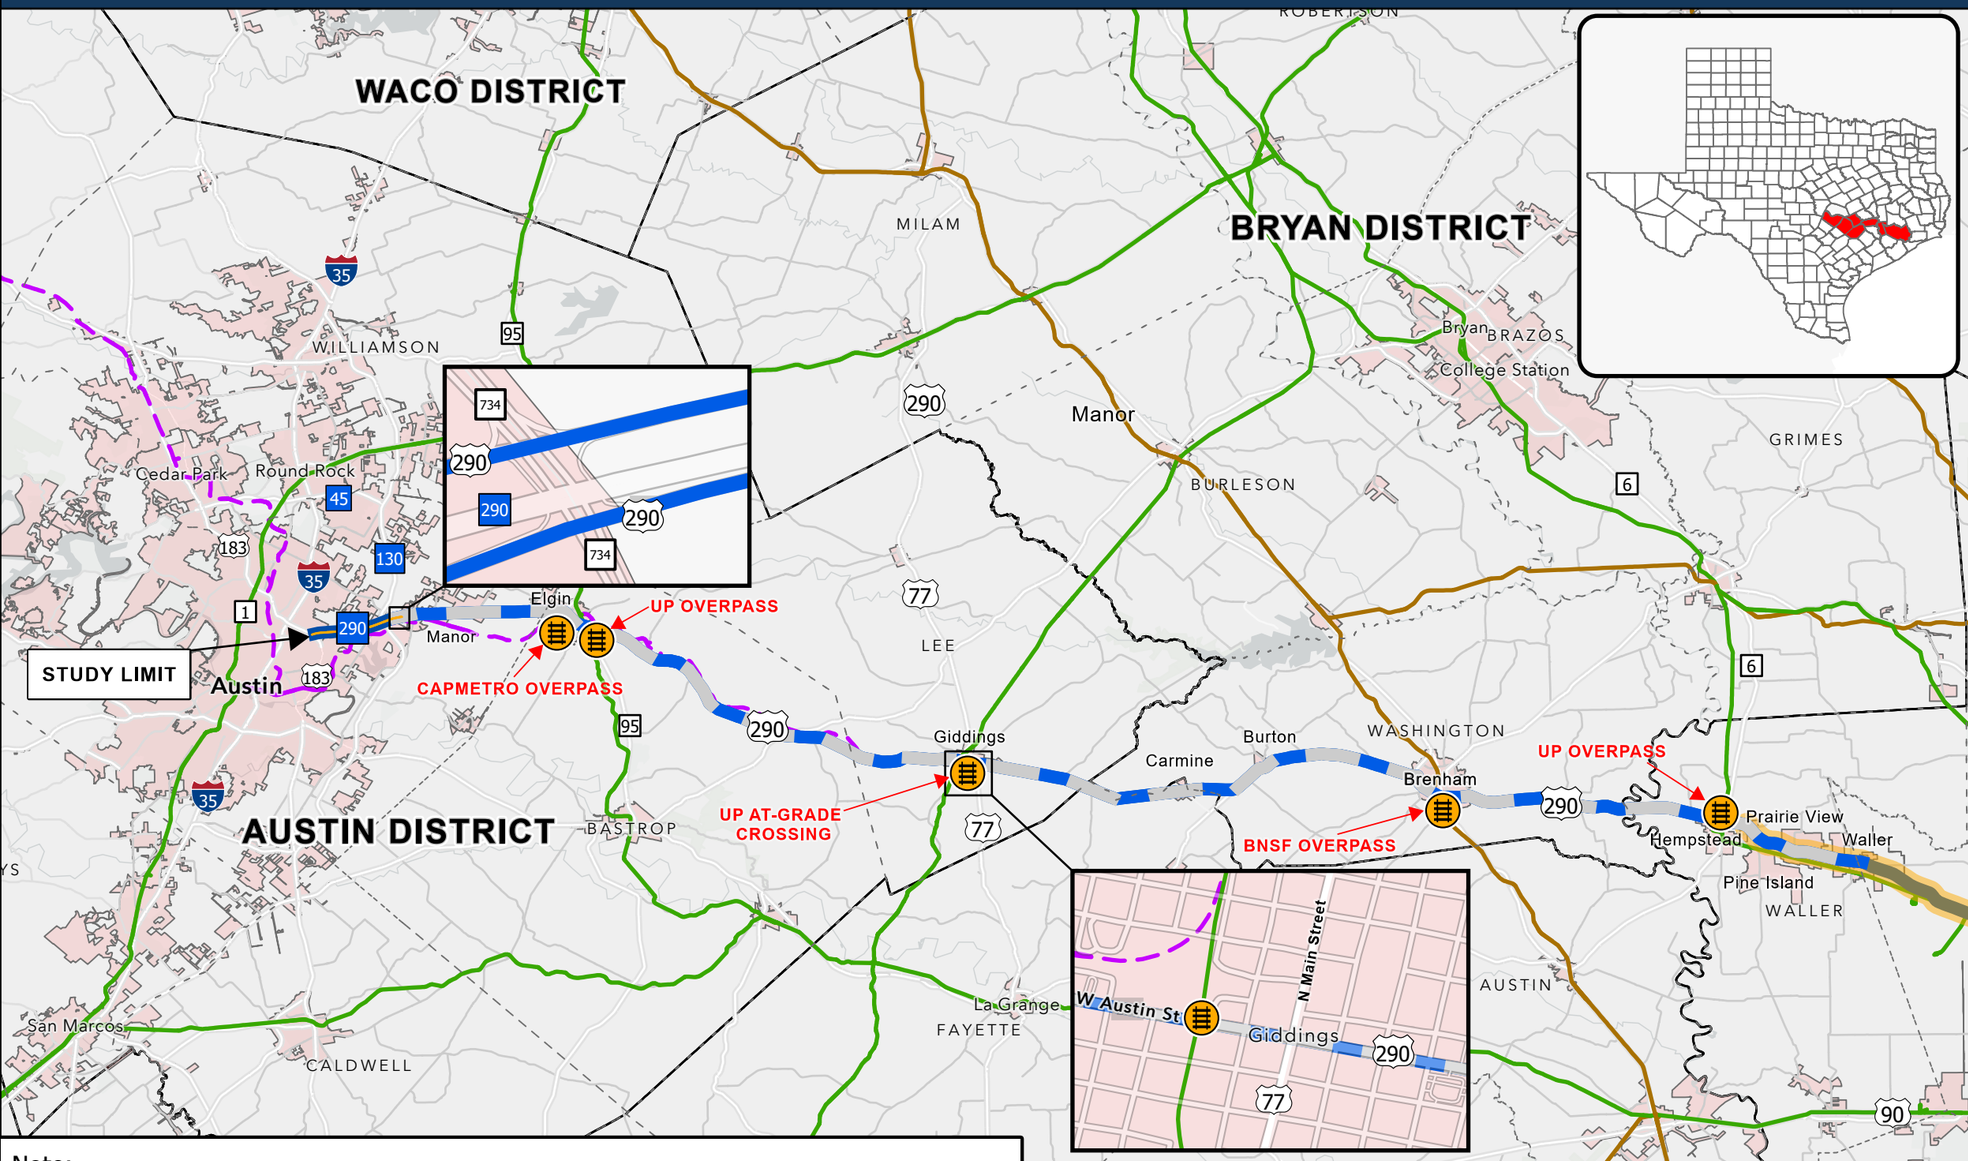
US 290 Traffic Study (HB 1 - Rider 50)



Note:
Potential Contraflow: if activated, US 290 eastbound lanes will be reversed to carry two lanes of westbound traffic. The contraflow operations will begin west of Field Store Road in Waller and end at FM 2679 in Brenham. Traffic in the contraflow lanes will be able to exit US 290 at selected locations.

Potential EvacuLane: if activated, the outside shoulder of US 290 will be opened to traffic. The EvacuLane will begin east of Mason Road and end at State Highway 6 in Hempstead.
