

Connecting Texas 2050 | Statewide Long-Range Transportation Plan

Help TxDOT connect to the future!

TxDOT is conducting the first series of virtual public meetings with in-person open houses for **Connecting Texas 2050**, the latest update to TxDOT's statewide long-range transportation plan.

With your help, TxDOT will establish the vision, objectives, performance measures, and strategic recommendations for the state's transportation system through 2050 for all modes. This will be one of the many opportunities you will have to provide input. All meeting materials including comment and engagement opportunities are the same for both virtual and in-person meetings. The virtual public meeting is open statewide to the public and the in-person open houses are being held in locations convenient to 13 of TxDOT's 25 districts across the state, with meetings in the remaining districts planned as part of a second series later this year.

Join us!

Virtual public meeting

Visit www.ConnectingTexas2050.com or scan the QR code.
Available from March 21 through May 31, 2023.
