Texas Department of Transportation

FM 93 from Wheat Road to SH 317

WACO DISTRICT
Project Reference Number (CSJ): 1835-01-026

FACT SHEET

Project Details

Description:

The proposed project would reconstruct the existing FM 93 corridor from Wheat Road to SH 317 in Bell County, Texas. The proposed improvements along FM 93 for the section from Wheat Road to Mitchell Street include widening FM 93 from two undivided lanes to four divided lanes with a raised median. Additionally, FM 93 from Mitchell Street to SH 317 proposed improvements include widening FM 93 from two lanes to three lanes, one lane in each direction with a two-way left-turn lane in the middle. A shared-use path would be added along one side of the roadway and a sidewalk along the other side of the roadway throughout the entire corridor. Three roundabout alternatives are also proposed for the intersections of FM 93 / Wheat Road, FM 93 / SL 121 and FM 93 / SH 317.

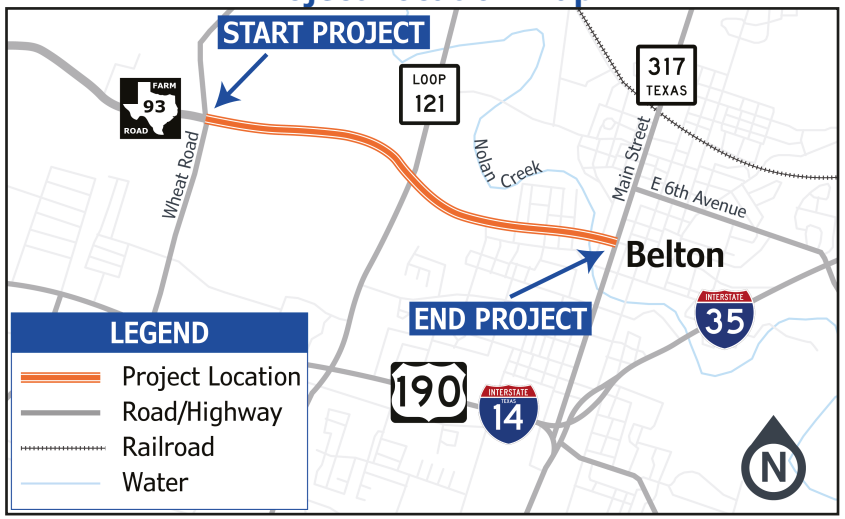
Project Purpose:

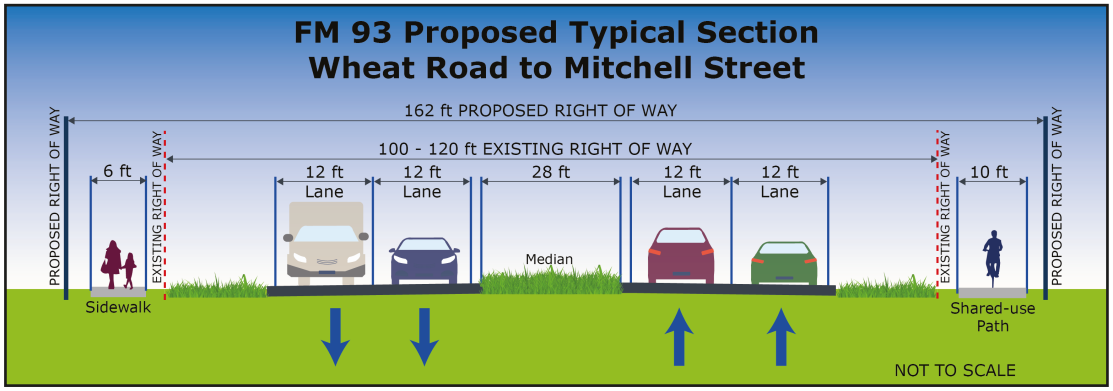
The purpose of this proposed project is to improve safety and increase mobility.

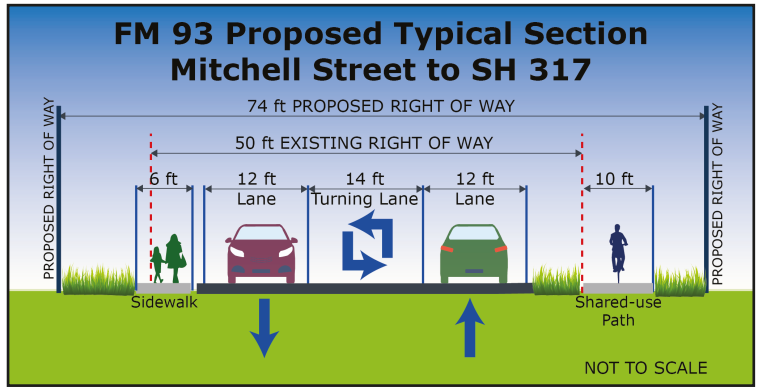
Project Need:

The proposed project is needed to meet future travel demands stemming from projected population growth and traffic volumes.

Project Location Map







Estimated Project Milestones*

AUGUST 2024	2024-2026	JULY 2026	2025-2026	EARLY 2027	MID-2027	2031
• Public Meeting #1	• Design Refinement	• Public Meeting #2	• Continued Design Refinements • Environmental Studies	• Public Hearing	• Anticipated Environmental Clearance • Right-of-Way Acquisition Begins	• Anticipated Ready to Let

Dates are subject to change and are based on available funding.
