SAN ANGELO DISTRICT

US 83 from RM 2291 South of Menard to I-10 North of Junction

Public Meeting YOU'RE INVITED!

Thursday, April 10, 2024, 5:00 – 7:00 p.m.

Junction High School Gym
1700 College St, Junction, TX 76849

Project Overview

The proposed project would extend for approximately 26 miles along US 83, which currently consists of a rural two-lane undivided highway with alternating Super-2 passing lanes within a 120-foot-wide right of way. The proposed project would evaluate alignment alternatives to widen US 83 within a 370-foot-wide right of way.

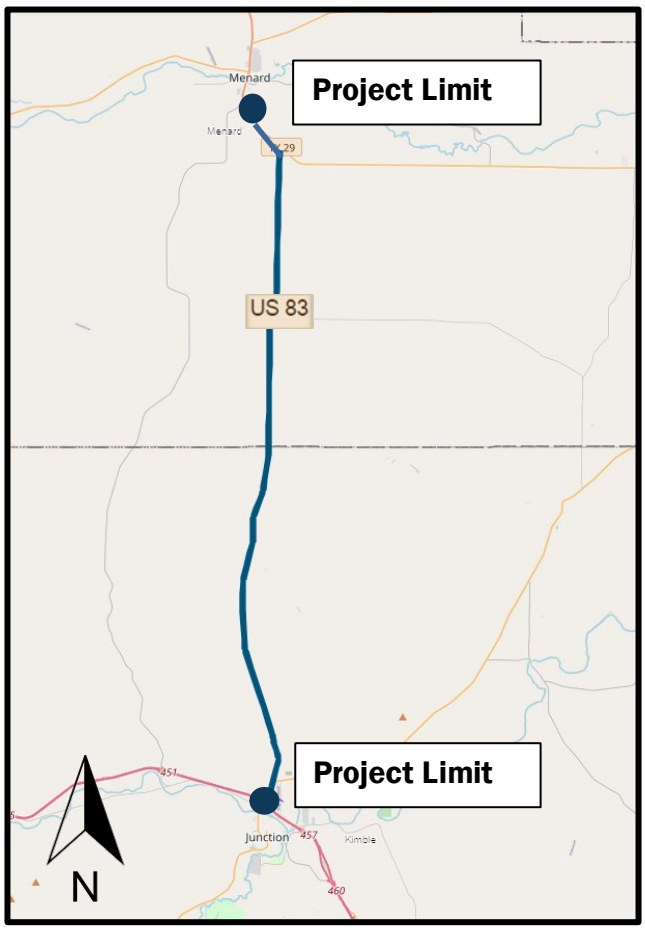
The proposed project would be constructed in two phases;

- Phase I (interim design) would primarily widen US 83 to a four-lane divided highway;
- Phase II (ultimate design) would widen US 83 to a controlled-access interstate system by constructing frontage roads on either side of the interim design mainlanes.

Project Goals and Objectives

- Improve safety
- Enhance mobility
- Reduce traffic congestion

Project Location Map



Estimated Project Milestones

April 25, 2024	2024-2025*	Fall 2024*	Summer 2025*	Fall 2025*	2026-2028*	2028-2030*
Virtual Public Meeting with In-Person Option	Schematic Development and Environmental Documentation	Second Public Meeting	Public Hearing	Final Approval of Schematic Design & Anticipated Environmental Clearance	Right of Way Acquisition	Construction Pending Funding
